LETTER TO OUR UNITHOLDERS IN RELATION TO THE PROPOSALS

EXECUTIVE SUMMARY

THIS EXECUTIVE SUMMARY REPRESENTS A SUMMARY OF THE PERTINENT INFORMATION ON THE PROPOSALS AS SET OUT IN PART A OF THIS CIRCULAR. YOU ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS CIRCULAR, INCLUDING THE IAL AS SET OUT IN PART B AND THE APPENDIX, AND NOT RELY SOLELY ON THIS EXECUTIVE SUMMARY IN FORMING A DECISION ON THE PROPOSALS BEFORE VOTING ON THE RESOLUTIONS PERTAINING TO THE PROPOSALS TO BE TABLED AT OUR FORTHCOMING UNITHOLDERS' MEETING.

| Key information | Description | Reference in Part A of this Circular |
|--------------------------|--|--------------------------------------|
| Summary of the Proposals | <p><u>Proposed Rights Issue</u></p> <ul style="list-style-type: none">▪ The Proposed Rights Issue entails the issuance of Rights Units to our Entitled Unitholders on the Entitlement Date to raise gross proceeds of up to RM66.00 million.▪ The Entitlement Basis and the Issue Price have not been fixed at this juncture in order to provide flexibility to our Board to determine them at a later date.▪ However, the Intended Gross Proceeds is provided upfront to enable our Unitholders to estimate the capital outlay required to subscribe fully for their respective entitlements under the Proposed Rights Issue. This can be calculated by multiplying the Intended Gross Proceeds with their respective percentage unitholdings in Tower REIT.▪ The actual gross proceeds and actual capital outlay by our Entitled Unitholders to subscribe fully for their entitlements under the Proposed Rights Issue will depend on the final Entitlement Basis and Issue Price. <p><u>Proposed Exemption</u></p> | Section 2.1 |
| | <ul style="list-style-type: none">▪ As at the LPD, GLME holds 60,768,800 Units, representing approximately 21.66% of the total Units issued in Tower REIT.▪ Under Maximum Scenario 1, GLME may trigger a MGO obligation under the CMSA, the Code and the Rules arising from GLME subscribing for Rights Units pursuant to its Additional Undertaking, which may potentially result in the unitholdings of GLME in Tower REIT to exceed the 33% MGO threshold.▪ However, it is not the intention of GLME, GuocoLand and their PACs to undertake a MGO as a result of GLME's subscription of Rights Units pursuant to its Additional Undertaking. In this regard, GLME and GuocoLand will apply for an exemption from the SC to exempt GLME, GuocoLand and their PACs from the obligation to undertake a MGO for all the remaining units in Tower REIT not already owned by them arising from GLME's subscription of Right Units pursuant to its Additional Undertaking under subparagraph 4.08(1)(b) of the Rules, subject to the non-interested Unitholders' approval for the Proposed Exemption.▪ In the event our non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking by GLME will lapse and GLME will not subscribe to the Rights Units pursuant to its Additional Undertaking. As such, no mandatory offer obligation would arise. | Section 3 |

EXECUTIVE SUMMARY (CONT'D)

| Key information | Description | Reference in Part A of this Circular |
|---|--|---------------------------------------|
| Basis and justification of arriving at the Issue Price of the Rights Units | <p>The final Issue Price will be determined by our Board at a later date after taking into consideration the TERP, calculated based on the 5-day VWAMP of the Units immediately preceding the price-fixing date of the Rights Units after receipt of all relevant approvals.</p> <p>The fixing of the final Issue Price and the Entitlement Basis for the Proposed Rights Issue will be announced after obtaining the SC's approval for the Proposed Exemption but before or on the announcement of the Entitlement Date.</p> <p>The final Issue Price of the Rights Units will be determined after taking into consideration the following:</p> <ul style="list-style-type: none"> (i) the funding requirements of Tower REIT as set out in Section 2.6, Part A of this Circular; (ii) an indicative discount of up to 15% to the TERP of the Units based on the 5-day VWAMP of the Units immediately preceding the price-fixing date; and (iii) the then prevailing market conditions and market prices of the Units. <p>For illustration purposes, the illustrative issue price of RM0.31 per Rights Unit represents a discount of approximately 7.82% to the TERP of the Units of RM0.3363 based on the 5-day VWAMP of the Units up to and including the LPD of RM0.3561 per Unit.</p> | Section 2.4 |
| Rationale and justification for the Proposals | <p><u>Proposed Rights Issue</u></p> <p>Our Board is of the view that the Proposed Rights Issue is the most appropriate avenue to raise the required funds for Tower REIT after taking into consideration the following:</p> <ul style="list-style-type: none"> (i) the gross proceeds to be raised from the Proposed Rights Issue will be used to repay bank borrowings, which allows Tower REIT to enjoy potential interest savings of RM1.72 million per annum under Maximum Scenarios 1 and 2, as illustrated in Section 2.6, Part A of this Circular; (ii) the Proposed Rights Issue will strengthen the financial position of Tower REIT by increasing its capital base from approximately RM285.35 million as at the LPD to approximately RM302.32 million, representing an increase by RM16.97 million or 5.95% under the Minimum Scenario, and to approximately RM349.95 million, representing an increase by RM64.60 million or 22.64% under Maximum Scenarios 1 and 2; (iii) the Proposed Rights Issue will enable Tower REIT to raise funds for its business and operational purposes under Maximum Scenarios 1 and 2. In particular, approximately RM23.87 million of gross proceeds raised will be utilised for the refurbishment of Plaza Zurich, Menara HLX and Guoco Tower to improve occupancy rate, leasing pipeline and enhance its ESG performance as illustrated in Section 2.6, Part A of this Circular; and (iv) the Proposed Rights Issue will provide all Entitled Unitholders with an opportunity to participate further in potential future growth of Tower REIT on a pro-rata basis. <p><u>Proposed Exemption</u></p> <p>The Proposed Exemption will relieve GLME, GuocoLand and their PACs from the obligation to undertake the MGO, as it is not their intention to undertake the MGO as a result of GLME's Additional Undertaking in connection with the Proposed Rights Issue.</p> | <p>Section 4.1</p> <p>Section 4.2</p> |

To: Our Unitholders

Dear Sir / Madam,

(I) PROPOSED RIGHTS ISSUE; AND

(II) PROPOSED EXEMPTION

1. INTRODUCTION

On 13 December 2023, on behalf of our Board, HLIB announced that our Manager proposes to undertake the Proposals.

On 26 February 2024, on behalf of our Board, HLIB announced that Bursa Securities had, vide its letter dated 23 February 2024, resolved to approve the listing and quotation of up to 210,375,000 Rights Units to be issued pursuant to the Proposed Rights Issue on the Main Market of Bursa Securities, subject to the conditions as disclosed in **Section 7, Part A** of this Circular.

THE PURPOSE OF PART A OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE DETAILS OF THE PROPOSALS AND TO SEEK YOUR APPROVAL FOR THE RESOLUTIONS IN RELATION TO THE PROPOSALS TO BE TABLED AT OUR FORTHCOMING UNITHOLDERS' MEETING. THE NOTICE OF UNITHOLDERS' MEETING AND THE FORM OF PROXY ARE ENCLOSED IN THIS CIRCULAR.

WE ADVISE YOU TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE IAL AS SET OUT IN PART B OF THIS CIRCULAR AND THE APPENDIX, BEFORE VOTING ON THE RESOLUTIONS IN RELATION TO THE PROPOSALS TO BE TABLED AT OUR FORTHCOMING UNITHOLDERS' MEETING.

2. PROPOSED RIGHTS ISSUE

2.1 Details of the Proposed Rights Issue

The Proposed Rights Issue entails the issuance of Rights Units to our Entitled Unitholders whose names appear in the record of depositors of Tower REIT as at 5:00 p.m., being the close of business on the Entitlement Date to raise the Intended Gross Proceeds.

The Entitlement Basis and the Issue Price have not been fixed at this juncture in order to provide flexibility to our Board to determine them at a later date.

However, the Intended Gross Proceeds is provided upfront to enable Unitholders to estimate the capital outlay required to subscribe fully for their respective entitlements under the Proposed Rights Issue. This can be calculated by multiplying the Intended Gross Proceeds with their respective percentage unitholdings in Tower REIT.

For illustration purposes, based on the 280,500,000 Units in issue as at the LPD, assumed Entitlement Basis of 3 Rights Units for every 4 existing Units held by our Entitled Unitholders and the assumed Issue Price of RM0.31 per Rights Unit, the capital outlay for an Entitled Unitholder holding 1,000 Units who wishes to subscribe for his or her entitlement in full for 750 Rights Units is RM232.50, the illustration of which is as follows:

| | | |
|--------------------------|---|--------------|
| 210,375,000 Rights Units | : | RM65,216,250 |
| 750 Rights Units | : | RM232.50 |

The actual gross proceeds and actual capital outlay by our Entitled Unitholders to subscribe fully for their entitlements under the Proposed Rights Issue will depend on the final Entitlement Basis and Issue Price.

As at the LPD, Tower REIT has an issued Unitholders' capital of RM285,345,000 comprising 280,500,000 Units. The Proposed Rights Issue will be undertaken on a minimum subscription basis, after taking into consideration the minimum amount Tower REIT intends to raise from the Proposed Rights Issue of approximately RM17.25 million, which will be channelled towards the proposed utilisation of proceeds as set out in **Section 2.6, Part A** of this Circular.

In determining our Unitholders' entitlement to the Rights Units, fractional entitlements, if any, will be disregarded and dealt with in such manner as our Board in its sole and absolute discretion deems fit and expedient, and in the best interest of Tower REIT.

The Rights Units will be provisionally allotted to our Entitled Unitholders after obtaining all the relevant approvals in respect of the Proposed Rights Issue. The Proposed Rights Issue is renounceable in full or in part. Accordingly, our Entitled Unitholders can subscribe for and/or renounce their entitlements to the Rights Units in full or in part.

Any Rights Units which are not subscribed or validly subscribed will be made available for excess application by other Entitled Unitholders and/or their renouncee(s) and/or transferee(s) (if applicable). Our Board intends to allocate the excess Rights Units in a fair and equitable manner on a basis to be determined by the Board and set out in the abridged prospectus to be issued at a later stage. All excess applications, including those that may be applied by GLME and/or its PACs (if any), will be allocated in a similar order of priority. Any remaining Rights Units not subscribed for by other Entitled Unitholders will be fully subscribed by GLME pursuant to the Additional Undertaking, further details of which are set out in **Section 2.2** below.

2.2 Minimum subscription level and Unitholders' Undertaking

The Proposed Rights Issue is intended to be undertaken on a minimum subscription basis to raise approximately RM17.25 million. In order to raise the minimum level of funds of approximately RM17.25 million, GLME and ALSB had on 26 January 2024, provided their irrevocable and unconditional undertaking to subscribe a minimum amount of approximately RM14.13 million and RM3.12 million respectively, based on the parameters set out under the Minimum Scenario as illustrated below.

In addition, our Manager also had on 26 January 2024 obtained an additional irrevocable undertaking from GLME to subscribe for Rights Units not subscribed for by other Entitled Unitholders for an amount of approximately RM47.97 million, subject to the Proposed Exemption being approved by our non-interested Unitholders at our forthcoming Unitholders' Meeting and by the SC.

For illustration purposes, the effects on the Proposed Rights Issue are presented based on the following assumptions and scenarios:

Minimum Scenario : Minimum subscription level of Rights Units based on the following:

- assumed Entitlement Basis of 3 Rights Units for every 4 existing Units held by our Entitled Unitholders;
- assumed Issue Price is RM0.31 per Rights Unit;
- for illustration purposes, Entitled Unitholders will be entitled to subscribe for 750 Rights Units for every 1,000 Units held, at an assumed Issue Price of RM0.31 per Rights Unit, amounting to RM232.50 (RM0.31 x 750 Rights Units);
- GLME to subscribe in full for its 45,576,600 Rights Units entitlement amounting to approximately RM14.13 million;
- ALSB to subscribe in full for its 10,056,975 Rights Units entitlement amounting to approximately RM3.12 million; and
- Assuming none of our other Entitled Unitholders subscribe for their respective entitlements under the Proposed Rights Issue.

Based on the above illustration, the total number of Rights Unit to be issued is 55,633,575 Rights Units and the gross proceeds to be raised is approximately RM17.25 million.

Maximum Scenario 1 : Full subscription level of Rights Units based on the following:

- assuming the Proposed Exemption is approved by our non-interested Unitholders and the SC;
- assumed Entitlement Basis of 3 Rights Units for every 4 existing Units held by our Entitled Unitholders;
- assumed Issue Price is RM0.31 per Rights Unit;
- for illustration purposes, Entitled Unitholders will be entitled to subscribe for 750 Rights Units for every 1,000 Units held, at an assumed Issue Price of RM0.31 per Rights Unit, amounting to RM232.50 (RM0.31 x 750 Right Units);

- Maximum Scenario 1 (Cont'd)** :
- GLME to subscribe in full for 45,576,600 Rights Units entitlement amounting to approximately RM14.13 million and further subscribe for up to 154,741,425 Rights Units not subscribed for by other Entitled Unitholders amounting to approximately RM47.97 million;
 - ALSB to subscribe in full for its 10,056,975 Rights Units entitlement amounting to approximately RM3.12 million; and
 - assuming none of the other Entitled Unitholders subscribe for their respective entitlements under the Proposed Rights Issue.

Based on the above illustration, the total number of Rights Unit to be issued is 210,375,000 Rights Units and the gross proceeds to be raised is approximately RM65.22 million.

Maximum Scenario 2 : Full subscription level of Rights Units based on the following:

- assumed Entitlement Basis of 3 Rights Units for every 4 existing Units held by our Entitled Unitholders;
- assumed Issue Price is RM0.31 per Rights Unit;
- for illustration purposes, Entitled Unitholders will be entitled to subscribe for 750 Rights Units for every 1,000 Units held, at an assumed Issue Price of RM0.31 per Rights Unit, amounting to RM232.50 (RM0.31 x 750 Right Units); and
- assuming all of the Entitled Unitholders fully subscribe for their respective entitlements under the Proposed Rights Issue.

Based on the above illustration, the total number of Rights Unit to be issued is 210,375,000 Rights Units and the gross proceeds to be raised is approximately RM65.22 million.

Based on the above illustration, the changes in the assumed Entitlement Basis, the assumed Issue Price and the gross proceeds to be raised for the Proposed Rights Issue as compared to the announcement released on 13 December 2023 are as follows:

| | Announcement | Circular |
|----------------------------------|---|---|
| Assumed Entitlement basis | 2 Rights Units for every 3 existing Units | 3 Rights Units for every 4 existing Units |
| Assumed Issue Price | RM0.35 | RM0.31 |
| No. of Rights Units to be issued | up to 187,000,000 | up to 210,375,000 |
| Gross proceeds to be raised | RM65.45 million | RM65.22 million |

The above changes were made after taking into consideration the movement in the 5-day VWAMP of the Units to cater for a sufficient amount of new Units to be issued pursuant to the Proposed Rights Issue in order to ensure that Tower REIT is able to raise the minimum gross proceeds of approximately RM17.25 million.

For avoidance of doubt, the actual gross proceeds and actual capital outlay by our Entitled Unitholders to subscribe fully for their entitlements under the Proposed Rights Issue will depend on the final Entitlement Basis and Issue Price.

Notwithstanding the above, the maximum number of Rights Units to be issued pursuant to the Proposed Rights Issue is 210,375,000, as approved by Bursa Securities for listing and quotation on the Main Market of Bursa Securities. The same number of shares are applied in our illustration of Maximum Scenarios 1 and 2, pursuant to which the effects of its issuance are illustrated throughout this Circular. Under Maximum Scenarios 1 and 2, if the issue price per Rights Unit is fixed lower than the assumed Issue Price, Tower REIT will raise lower gross proceeds.

In the event that the minimum subscription level is not achieved for whatever reason, our Manager will not be in a position to proceed with the implementation of the Proposed Rights Issue. All subscription monies received pursuant to the Proposed Rights Issue will in such event be returned without interest to our Entitled Unitholders and/or their renouncee(s) and/or transferee(s) (if applicable) in accordance with paragraph 6.18(4) of the Listing Requirements of Bursa Securities which states that where the minimum subscription level is not achieved, the implementation of the rights issue of securities must be terminated and all consideration received must be immediately returned to all subscribers.

Pursuant to paragraph 8.02(1) of the Listing Requirements, the Manager will ensure that at least 25% of the total Units are in the hands of public security holders. As at the LPD, the public unitholding spread of Tower REIT is approximately 45.68%. Upon completion of the Proposed Rights Issue, Tower REIT will continue to be in compliance with the Public Spread Requirement as the proforma public unitholding spread of Tower REIT:

- (i) will be approximately 26.10% under Maximum Scenario 1; and
- (ii) will remain unchanged at approximately 45.68% under Maximum Scenario 2.

Minimum Scenario

For illustration purposes, assuming GLME and ALSB subscribe for the Rights Units based on their Minimum Undertakings, the pro forma effects of the Proposed Rights Issue on their respective direct unitholdings in Tower REIT are as follows:

| Undertaking Unitholders | Rights Units to be subscribed under the | | | | Gross proceeds to be raised | | |
|-------------------------|---|-------|----------------------|------------------------|-----------------------------|------------|---------------|
| | As at the LPD | | Minimum Undertakings | Additional Undertaking | | | |

| GLME | 60,769 | 21.66 | 45,576 | - | 106,345 | 31.64 | 14,129 |
| ALSB | 13,409 | 4.78 | 10,057 | - | 23,466 | 6.98 | 3,117 |
| Total | | | 55,633 | - | | | 17,246 |

Notes:

- (1) Based on the total Unitholders' capital of 280,500,000 Units as at the LPD.
- (2) Based on the illustrative enlarged total Unitholders' capital of 336,133,575 Units after the Proposed Rights Issue under the Minimum Scenario.
- (3) Calculated based on the Issue Price of RM0.31 per Rights Unit.

Maximum Scenario 1

For illustration purposes, assuming (i) GLME and ALSB subscribe for the Rights Units based on their Minimum Undertakings and (ii) GLME further subscribes for Rights Units under its Additional Undertaking, the pro forma effects of the Proposed Rights Issue on their respective direct unitholdings in Tower REIT are as follows:

| Undertaking Unitholders | Rights Units to be subscribed under the | | | | Gross proceeds to be raised |
|-------------------------|---|-------|------------------------|----------------|-----------------------------|

Notes:

- (1) Based on the total Unitholders' capital of 280,500,000 Units as at the LPD.
- (2) Based on the illustrative enlarged total Unitholders' capital of 490,875,000 Units after the Proposed Rights Issue under Maximum Scenario 1.
- (3) Calculated based on the Issue Price of RM0.31 per Rights Unit.

Maximum Scenario 2

Assuming all the Entitled Unitholders fully subscribe for their respective entitlements under the Proposed Rights Issue, there would be no change in terms of percentage unitholdings of each Entitled Unitholder.

In view that the Proposed Rights Issue will be undertaken on a minimum subscription basis pursuant to the Minimum Undertakings, our Manager will not procure any underwriting arrangement for the remaining Rights Units not subscribed for by other Entitled Unitholders and/or their renounee(s). GLME and ALSB confirmed that they have sufficient financial resources to fulfil their Minimum Undertakings and GLME to fulfil its Additional Undertaking and such confirmations have been verified by HLIB, being the Principal Adviser for the Proposed Rights Issue.

2.3 Mandatory general offer implication

As at the LPD, the direct unitholdings of GLME, GuocoLand and their PACs in Tower REIT are as follows:

| | As at the LPD | |
|--------------------------|----------------------|--------------|
| | No. of Units | (1)% |
| GuocoLand ⁽²⁾ | - | - |
| GLME | 60,768,800 | 21.66 |

| ▪ VST ⁽⁷⁾ | 400 | * |
| Total | 152,336,500 | 54.30 |

Notes:

- (1) Calculated based on the total Unitholders' capital of 280,500,000 Units as at the LPD.
- (2) GuocoLand is the holding company of GLME. GLME is an applicant seeking for the SC's approval in respect of the Proposed Exemption.
- (3) AFIC is a PAC of GLME and GuocoLand pursuant to paragraph 216(3)(a) of the CMSA by virtue of Guoco Group Limited's indirect shareholding in GuocoLand, GLME and AFIC. Guoco Group Limited is the holding company of GuocoLand, GLME and AFIC.
- (4) ALSB is a PAC of GLME and GuocoLand pursuant to paragraph 216(2)(b) of the CMSA, which are deemed to act jointly or severally for the purpose of exercising control over Tower REIT.
- (5) HLA is a PAC of GLME and GuocoLand pursuant to the paragraph 216(2)(b) of the CMSA, which are deemed to act jointly or severally for the purpose of exercising control over Tower REIT.
- (6) HLIB is a PAC of GLME and GuocoLand pursuant to the paragraph 216(2)(b) of the CMSA, which are deemed to act jointly or severally for the purpose of exercising control over Tower REIT.
- (7) VST is the spouse of a director of GLME, namely Choo Soo Nee.
- * Negligible.

The pro forma direct unitholdings of GLME, GuocoLand and their PACs in Tower REIT based on the Minimum Scenario, and Maximum Scenarios 1 and 2 are illustrated as follows:

| | No. of Units as at the LPD | (1)% | After the Proposed Rights Issue | | | | | |

Notes:

- (1) Calculated based on the total Unitholders' capital of 280,500,000 Units as at the LPD.
 - (2) Calculated based on the illustrative enlarged total Unitholders' capital of 336,133,575 Units after the Proposed Rights Issue based on the Minimum Scenario.
 - (3) Calculated based on the illustrative enlarged total Unitholders' capital of 490,875,000 Units after the Proposed Rights Issue based on Maximum Scenarios 1 and 2.
 - (4) VST is the spouse of a director of GLME, namely Choo Soo Nee. GLME is an applicant seeking for the SC's approval in respect of the Proposed Exemption.
- * Negligible.

As at the LPD, save for GLME's and ALSB's Undertakings, AFIC, HLA, HLIB and VST have not given any undertaking to subscribe for Rights Units.

Under Maximum Scenario 1, the unitholding of GLME in Tower REIT will increase from 21.66% to 53.19% upon the completion of the Proposed Rights Issue arising from GLME's subscription of Rights Units pursuant to its Additional Undertaking, which will exceed the 33% MGO threshold. Under this circumstance, GLME, on an individual basis, will trigger the MGO obligation under the CMSA, the Code and the Rules.

However, it is not the intention of GLME, GuocoLand and their PACs to undertake a MGO as a result of GLME's subscription of Rights Units pursuant to its Additional Undertaking in connection with the Proposed Rights Issue. In this regard, subject to obtaining the approval of non-interested Unitholders to the Proposed Exemption, GLME and GuocoLand will apply for an exemption from the SC to exempt GLME, GuocoLand and their PACs from the obligation to undertake the MGO for all the remaining Units not already owned by them arising from GLME's subscription of Rights Units pursuant to its Additional Undertaking in connection with the Proposed Rights Issue under subparagraph 4.08(1)(b) of the Rules, subject to the non-interested Unitholders' approval for the Proposed Exemption. Further details of the Proposed Exemption are set out in **Section 3, Part A** of this Circular.

Please take note that the actual unitholding percentages may vary depending on the actual number of Rights Units to be subscribed by our Entitled Unitholders and/or their renouncee(s).

2.4 Basis and justification of arriving at the issue price of the Rights Units

The final Issue Price will be determined by our Board at a later date after taking into consideration the TERP, calculated based on the 5-day VWAMP of the Units immediately preceding the price-fixing date of the Rights Units after receipt of all relevant approvals. The fixing of the final issue price and the Entitlement Basis for the Proposed Rights Issue will be announced after obtaining the SC's approval for the Proposed Exemption but before or on the announcement of the Entitlement Date.

The final Issue Price of the Rights Units will be determined by our Board after taking into consideration the following:

- (i) the minimum gross proceeds of approximately RM17.25 million to be raised from the Proposed Rights Issue based on the illustrative Issue Price of RM0.31 per Rights Unit;
- (ii) an indicative discount of up to 15% to the TERP of the Units based on the 5-day VWAMP of the Units immediately preceding the price-fixing date; and
- (iii) the then prevailing market conditions and market prices of the Units.

For illustration purposes, the illustrative Issue Price of RM0.31 per Rights Units represents a discount of approximately 7.82% to the TERP of the Units of RM0.3363 based on the 5-day VWAMP of the Units up to and including the LPD of RM0.3561 per Unit.

2.5 Ranking of the Rights Units

The Rights Units shall, upon allotment, issuance and full payment of the issue price of the Rights Units, rank equally in all respects with the existing Units save and except that the Rights Units shall not be entitled to any income distribution, rights, allotments and/or other distributions in respect of which the entitlement date is before the date of allotment of the Rights Units.

2.6 Utilisation of proceeds

Based on the illustrative issue price of RM0.31 per Rights Unit, the gross proceeds to be raised from the Proposed Rights Issue will be utilised in the following manner:

| Details of utilisation | Estimated timeframe for utilisation from completion of the Proposed Rights Issue | Gross proceeds to be raised | | | |
|--|--|-----------------------------|---------------|---------------------------|---------------|
| | | Minimum Scenario | | Maximum Scenarios 1 and 2 | |
| | | RM'000 | % | RM'000 | % |
| Refurbishment of existing properties ⁽¹⁾ | Within 18 to 24 months | (2)- | - | 23,865 | 36.60 |
| Repayment of bank borrowings ⁽³⁾ | Within 12 months | 15,895 | 92.17 | 40,000 | 61.33 |
| Estimated expenses in relation to the Proposals ⁽⁴⁾ | Within 1 month | 1,351 | 7.83 | 1,351 | 2.07 |
| Total | | 17,246 | 100.00 | 65,216 | 100.00 |

Notes:

- (1) Under Maximum Scenarios 1 and 2, the refurbishment of Plaza Zurich, Menara HLX and Guoco Tower will include, amongst others, the following:

- (i) upgrade and replacement of power transformer;
- (ii) upgrade work for the lifts;
- (iii) upgrade work for the HVAC system;
- (iv) upgrade and replacement of air handling unit (AHU); and
- (v) upgrade of building management system.

The refurbishment above is to improve the occupancy rate and leasing pipeline. As at the LPD, the occupancy rates of Plaza Zurich, Menara HLX and Guoco Tower are 73%, 32% and 95% respectively. The refurbishment has started in the FYE 30 June 2024 and is expected to be completed in the FYE 30 June 2026. The allocation of the refurbishment cost for Plaza Zurich, Menara HLX and Guoco Tower are approximately RM13.00 million, RM14.00 million and RM1.00 million respectively, representing a total estimated refurbishment cost of approximately RM28.00 million. Under Maximum Scenarios 1 and 2, the shortfall of the amount allocated for refurbishment of existing properties will be funded via internally generated funds.

The upgrade and replacement of power transformer, upgrade work for the lifts and upgrade work for the HVAC system are expected to enhance the ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system.

- (2) As at 31 December 2023, the total cash and bank balances of Tower REIT are approximately RM1.03 million. The Minimum Scenario does not show any allocation of proceeds for the refurbishment of existing properties as our Manager intends to firstly use the proceeds to be raised from the Proposed Rights Issue to repay the bank borrowings in order to enjoy interest savings, details of which are provided in Note (3) below. We will proceed to carry out our refurbishment plan for the existing properties of Tower REIT through a combination of internally generated funds and/or drawing down from Tower REIT's unutilised existing banking facilities as and when required after taking into consideration that the refurbishment plan will take approximately 2 more years to complete. As at the LPD, Plaza Zurich, Menara HLX and Guoco Tower have been earmarked for refurbishment.
- (3) As at 31 December 2023, the total borrowings of Tower REIT which comprise term loans and revolving credit, is approximately RM272.20 million. In an effort to reduce the gearing ratio and interest expense, our Manager intends to repay up to RM40.00 million of its existing term loans and/or revolving credit. The potential interest savings from such repayment of bank borrowings are set out below:

| Financier | Type of banking facility | Effective interest rate per annum | Proposed allocation of proceeds for repayment of banking facility | | Estimated yearly interest cost savings arising from the repayment | |
|--------------------|------------------------------------|-----------------------------------|---|---------------------------|---|---------------------------|
| | | | Minimum Scenario | Maximum Scenarios 1 and 2 | Minimum Scenario | Maximum Scenarios 1 and 2 |
| | | % | RM'000 | RM'000 | RM'000 | RM'000 |
| Public Bank Berhad | Term loans and/or revolving credit | 4.30 | 15,895 | 40,000 | 684 | 1,720 |

The actual gross proceeds to be raised from the Proposed Rights Issue is dependent on the final Issue Price and the number of Rights Units to be issued. Under Maximum Scenarios 1 and 2, the amount allocated for the refurbishment of existing properties will be adjusted in the event of a shortfall between the actual gross proceeds raised and the Intended Gross Proceeds to be raised.

Pending utilisation of the proceeds from the Proposed Rights Issue for the above purposes, the proceeds will be placed in interest-bearing deposits with licensed financial institutions and/or short-term money market instruments. The interest income generated from such deposits and/or any gains arising from such short-term money market instruments will be used as working capital for Tower REIT.

2.7 Equity fund raising exercises undertaken in the past 12 months

Tower REIT has not undertaken any equity fund raising exercises in the past 12 months prior to the date of this Circular.

3. PROPOSED EXEMPTION

As at the LPD, GLME holds 60,768,800 Units, representing approximately 21.66% of the total Units issued in Tower REIT.

As set out in **Section 2.3, Part A** of this Circular, GLME may trigger a MGO obligation under the CMSA, the Code and the Rules arising from GLME subscribing for Rights Units pursuant to its Additional Undertaking, which may potentially result in the unitholdings of GLME in Tower REIT to exceed the 33% MGO threshold.

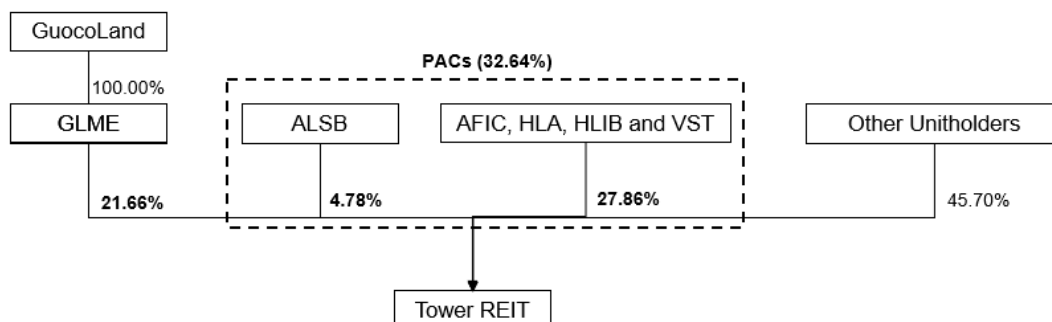

However, it is not the intention of GLME, GuocoLand and their PACs to undertake a MGO as a result of GLME's subscription of Rights Units pursuant to its Additional Undertaking. In this regard, subject to obtaining the approval of non-interested Unitholders to the Proposed Exemption, GLME and GuocoLand will apply for an exemption from the SC to exempt GLME, GuocoLand and their PACs from the obligation to undertake a MGO for all the remaining Units not already owned by them arising from GLME's subscription of Rights Units pursuant to its Additional Undertaking under subparagraph 4.08(1)(b) of the Rules, subject to the non-interested Unitholders' approval for the Proposed Exemption. Accordingly, the application to seek the SC's approval for the Proposed Exemption will be submitted to the SC after having obtained the non-interested Unitholders' approval to the Proposed Exemption at our forthcoming Unitholders' Meeting.

In the event the non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking of GLME will lapse and GLME will not subscribe to such number of Rights Units as will cause the unitholding of GLME in Tower REIT to exceed the 33% MGO threshold upon the completion of the Proposed Rights Issue. As such, no mandatory offer obligation would arise.

3.1 Maximum potential holdings of GLME, GuocoLand and its PACs pursuant to the Proposed Rights Issue

The unitholding structure of Tower REIT illustrating the maximum potential holdings of GLME, GuocoLand and their PACs before and after the Proposed Rights Issue based on direct unitholdings as at the LPD is set out in the following diagrams:

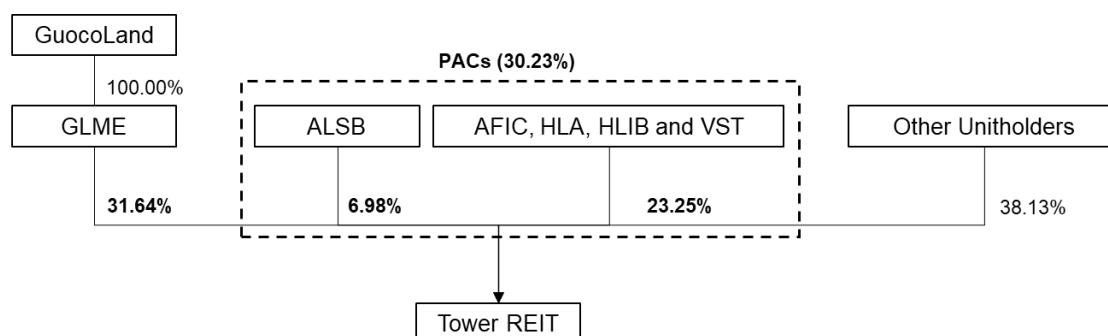

Before the Proposed Rights Issue

GLME and PACs' total unitholdings: 54.30%

Minimum Scenario

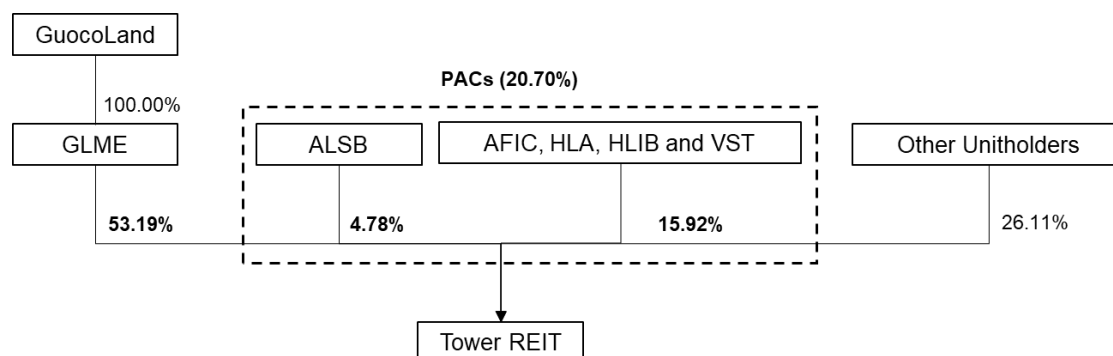

Upon subscription of the Rights Units pursuant to the Minimum Undertakings by GLME and ALSB

GLME and PACs' total unitholdings: 61.87%

Maximum Scenario 1

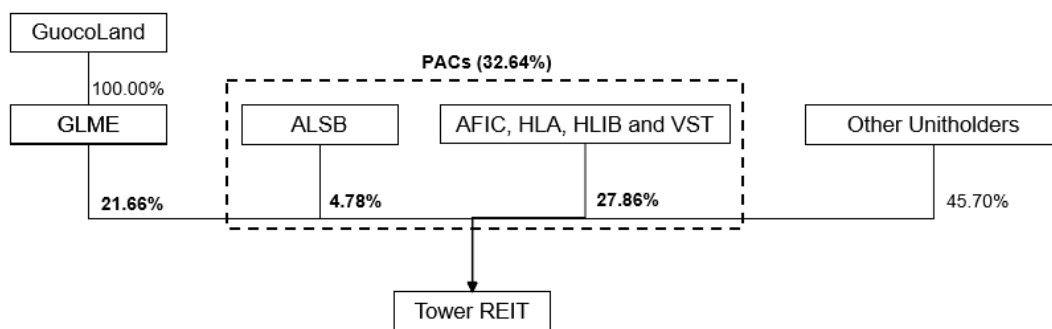

Upon subscription of the Rights Units pursuant to the Minimum Undertakings by GLME and ALSB as well as upon subscription of the Rights Units pursuant to the Additional Undertaking by GLME

GLME and PACs' total unitholdings: 73.89%

Maximum Scenario 2

Assuming all of the Entitled Unitholders fully subscribe for their respective entitlements under the Proposed Rights Issue

GLME and PACs' total unitholdings: 54.30%

4. RATIONALE AND JUSTIFICATION FOR THE PROPOSALS

4.1 Proposed Rights Issue

Our Board is of the view that the Proposed Rights Issue is the most appropriate avenue to raise the required funds for Tower REIT after taking into consideration the following:

- (i) the gross proceeds to be raised from the Proposed Rights Issue will be used to repay bank borrowings, which allows Tower REIT to enjoy potential interest savings of RM1.72 million per annum under Maximum Scenarios 1 and 2, as illustrated in **Section 2.6, Part A** of this Circular;
- (ii) the Proposed Rights Issue will strengthen the financial position of Tower REIT by increasing its capital base from approximately RM285.35 million as at the LPD to approximately RM302.32 million, representing an increase by RM16.97 million or 5.95% under the Minimum Scenario, and to approximately RM349.95 million, representing an increase by RM64.60 million or 22.64% under Maximum Scenarios 1 and 2;
- (iii) the Proposed Rights Issue will enable Tower REIT to raise funds for its business and operational purposes under Maximum Scenarios 1 and 2. In particular, approximately RM23.87 million of gross proceeds raised will be utilised for the refurbishment of Plaza Zurich, Menara HLX and Guoco Tower to improve occupancy rate, leasing pipeline and enhance its ESG performance as illustrated in **Section 2.6, Part A** of this Circular; and
- (iv) the Proposed Rights Issue will provide all Entitled Unitholders with an opportunity to participate further in potential future growth of Tower REIT on a pro-rata basis.

4.2 Proposed Exemption

The Proposed Exemption will relieve GLME, GuocoLand and their PACs from the obligation to undertake a MGO, as it is not their intention to undertake the MGO as a result of GLME's Additional Undertaking in connection with the Proposed Rights Issue.

If the Proposed Exemption is approved by our non-interested Unitholders, it will ensure that the Proposed Rights Issue can be undertaken on a full subscription level to achieve the fundraising objective of Tower REIT.

5. INDUSTRY OUTLOOK AND FUTURE PROSPECTS OF TOWER REIT

5.1 Overview and outlook of the Malaysian economy

(i) Overview

The Malaysian economy expanded by 3% in the fourth quarter of 2023 (3Q 2023: 3.3%; 2Q 2023: 2.9%). Household spending remained supported by improving labour market conditions and easing cost pressures. The unemployment rate declined to the pre-pandemic level of 3.3% while the labour force participation rate was at a historic high in 2023. Meanwhile, growth in investment activity was underpinned by the progressive realisation of multi-year projects and capacity expansion by firms. Exports, however, remained subdued due to prolonged weakness in external demand amid stronger imports. On the supply side, there was a broad-based expansion. The commodities sector grew. This was supported by higher oil and gas production as well as expansion in the agriculture sector amid improved labour supply. The services and construction sectors continued to expand. The manufacturing sector remained soft from continued weakness in the electrical and electronics industry. In terms of monthly GDP, December recorded a growth of 1.4%, lower than November (3.8%) and October (3.9%), attributed mainly to the shorter school holiday period during the month and weaker export-oriented manufacturing sector. On a quarter-on-quarter seasonally-adjusted basis, the economy contracted by 2.1% (3Q 2023: +2.6%).

Overall, the 2023 growth for the Malaysian economy normalised to 3.7%, following a strong growth registered in the previous year (2022: 8.7%). Growth moderated amid a challenging external environment. This was due mainly to slower global trade, the global tech downcycle, geopolitical tensions and tighter monetary policies. On the domestic front, despite the lapse of large policy support provided as the economy started to open up in 2022, the continued recovery in economic activity and labour market conditions supported growth in 2023. In addition, the solid growth performance of the economy is reinforced by a resilient external position. Despite the challenging external environment, the current account surplus for the year 2023 was sustained at 1.2% of GDP, supported by a diversified export structure across market and product. The strength in external position is also reflected in the external debt, which declined to 68.2% of GDP in 2023 (3Q 2023: 69%), and a higher net international investment position at 6.6% of GDP in 2023 (3Q 2023: 5.2%). Importantly, the external debt remains manageable given the favourable maturity and currency profiles. One-third of the external debt is denominated in ringgit, limiting currency risk, while around 70% of debt have medium and longer-term tenures. Foreign currency borrowings are also subject to Bank Negara Malaysia (BNM)'s prudential requirements and continue to consist mainly of concessionary intragroup loans.

(ii) Outlook

For 2024, growth of the Malaysian economy is expected to trend higher, lifted by the recovery in exports and resilient domestic expenditure. Household spending will be supported by continued growth in employment and wages. Tourist arrivals and spending are expected to improve further. Moreover, investment activity would be supported by continued progress of multi-year projects in both the private and public sectors, and the implementation of catalytic initiatives under national master plans. Budget 2024 measures will also provide additional support to economic activity.

The growth outlook remains subject to downside risks from weaker-than-expected external demand and declines in commodity production. Meanwhile, upside risks to domestic growth emanate from greater spill over from the tech upcycle, stronger-than-expected tourism activity and faster implementation of both existing and new projects.

5.2 Overview and outlook of the office sector in Kuala Lumpur

(i) Overview

Despite the challenging global financial and economic environment, the property market managed to stay poised and posted a marginal softening in market activity in the first half of 2023 (H1 2023) compared to the same period last year (H1 2022).

Six office building transactions with an accumulated worth of more than RM550 million were recorded in H1 2023.

The performance of purpose-built office improved to 79.0% slightly higher than H1 2022 (77.7%) and H2 2022 (78.5%). The purpose-built office consists of 1,578 private-owned buildings (18,370,380 square meter) ("**s.m.**") and 1,013 public-owned buildings (6,155,509 s.m.).

On the development front, construction activities recorded a sharp decline for completions. Only four new completions were recorded, offering a total space of 60,990 s.m. lower than 114,716 s.m. recorded in H1 2022. As at end of June 2023, there was a total of 24.53 million s.m. existing office space from 2,590 buildings. WP Kuala Lumpur was the lead contributor for office space with a share of 40.5% (9.93 million s.m.) in the existing market, 64.2% (0.98 million s.m.) in incoming supply and 79.0% (0.76 million s.m.) in planned supply.

The price of the stratified office lot was generally stable, with a few exceptions. In WPKL, Phileo Promenade recorded an increase of 16.3% with price transacted at RM5,900 per square meter ("**per s.m.**"). In Selangor, Melawati Corporate Centre, Gombak also registered a slight increase of 3.6% with price ranging at RM8,044 per s.m. - RM8,383 per s.m.

The office space rental market was stable with mixed movements recorded in selected buildings. Office space at Wisma Hong Leong and Menara Mara experienced a rental decrease of 14.5% and 11.6% respectively with rental ranging from RM41.00 per s.m. to RM60.00 per s.m. In Selangor, most office space rental rates remained stable with mixed performance showed in a few office buildings. Office space at Level 4, Kompleks MAIS Klang experienced a significant increase of 16.0% with monthly rental of RM18.00 per s.m. whilst Ground to 5th Floor, Crystal Plaza, Petaling Jaya were tenanted at monthly rental of RM49.51 per s.m., down 6.1%.

(ii) Outlook

The property market performance was moderate in the first half of 2023 (H1 2023) compared to the same period last year despite of a number of headwinds which have limit the sector's growth potential.

The gradual increase in the Overnight Policy Rate (OPR) since May 2022 is expected to have an impact on property market activity, particular on residential demand. In addition, the outlook of the workforce in the construction sector and the increase in the prices of building materials will also affect supply.

The country's economic and financial developments and the sentiment of industry players are the internal factors that will have an impact on the property sector as well as the external factors such as global financial and economic conditions. As the national economy is projected to expand to the lower end of the 4.0% to 5.0% range in 2023 supported by continued resilient domestic growth prospects, the property market performance is expected to remain cautiously optimistic.

5.3 Prospects of Tower REIT

Our Board believes that the office rental market remains challenging particularly in the Klang Valley, with high vacancies, depressed rental rates, higher operating cost and rising interest cost. Despite the difficult operating environment, our Manager has achieved an improved occupancy in all its properties within the Tower REIT portfolio over the past 12 months, while recognising that more refurbishment work needs to be carried out. The occupancy rates for Menara HLX, Plaza Zurich and Guoco Tower as at 30 June 2022, 30 June 2023 and the LPD are as follows:

| | Occupancy rates as at 30 June | | Occupancy rates as at the LPD |
|--------------|----------------------------------|------|-------------------------------------|
| | 2022 | 2023 | |
| Menara HLX | 26% | 31% | 32% |
| Plaza Zurich | 66% | 67% | 73% |
| Guoco Tower | 88% | 89% | 95% |

At this juncture, we are unable to ascertain the percentage of improvement of the occupancy rates for the abovementioned properties as our refurbishment plan is expected to complete in the FYE 30 June 2026. However, we are hopeful that upon completion of refurbishment plan, it will help to improve the overall occupancy rates and strengthen our competitiveness. Our Manager will continue to take a proactive stance, diligently working to enhance its offering to cater to the target market, to contain costs and to ensure a sustainable and competitive position.

6. EFFECTS OF THE PROPOSALS

The Proposed Exemption, on a standalone basis, will not have any effect on the issued Unitholders' capital of Tower REIT, NAV, NAV per Unit, gearing ratio, earnings and DPU of Tower REIT, and the substantial Unitholders' unitholdings in Tower REIT.

The pro forma effects of the Proposed Rights Issue on the Unitholders' capital, NAV per Unit and gearing ratio, earnings and distributable income, and the substantial Unitholders' unitholdings are illustrated based on the Minimum Scenario and Maximum Scenarios 1 and 2 as set out in **Section 2.2, Part A** of this Circular. Maximum Scenario 1 is based on GLME being able to subscribe for the Rights Units pursuant to the Additional Undertaking, following approvals by our non-interested Unitholders and the SC to the Proposed Exemption, while Maximum Scenario 2 is based on all of the Entitled Unitholders fully subscribing for their respective entitlements under the Proposed Rights Issue.

6.1 Unitholders' capital

The pro forma effects of the Proposed Rights Issue on the Unitholders' capital of Tower REIT are as follows:

| | Minimum Scenario | | Maximum Scenarios 1 and 2 | |
|--|--------------------|------------------------------|---------------------------|------------------------------|
| | No. of Units | RM | No. of Units | RM |
| As at the LPD | 280,500,000 | 285,345,000 | 280,500,000 | 285,345,000 |
| To be issued pursuant to the Proposed Rights Issue | 55,633,575 | ⁽¹⁾⁽²⁾ 16,974,403 | 210,375,000 | ⁽¹⁾⁽³⁾ 64,604,107 |
| Enlarged Unitholders' capital | 336,133,575 | 302,319,403 | 490,875,000 | 349,949,107 |

Notes:

- (1) Calculated based on the Issue Price of RM0.31 per Rights Unit.
- (2) After taking into consideration the estimated expenses for the Proposed Rights Issue which are allowed under Malaysian Financial Reporting Standards ("MFRS") 132 to be capitalised from Unitholders' capital amounting to approximately RM0.27 million. The estimated expenses to be capitalised are professional fees, regulatory fees and other incidental expenses in relation to the Proposed Rights Issue.
- (3) After taking into consideration the estimated expenses for the Proposed Rights Issue which are allowed under MFRS 132 to be capitalised from Unitholders' capital amounting to approximately RM0.61 million. The estimated expenses to be capitalised are professional fees, regulatory fees and other incidental expenses in relation to the Proposed Rights Issue.

The estimated expenses of the Proposals which are allowed to be capitalised from the Unitholders' capital are different, as the enlarged Unitholders' capital under the Minimum Scenario and Maximum Scenarios 1 and 2 are different. The final amount of estimated expenses to be capitalised will be dependent on the enlarged Unitholders' capital after the completion of the Proposed Rights Issue.

6.2 NAV per Unit and gearing ratio

For illustration purposes only, the pro forma effects of the Proposed Rights Issue on the NAV per Unit and gearing ratio based on the latest audited statement of financial position of Tower REIT as at 30 June 2023 are as follows:

| | | After the Proposed Rights Issue | |
|--------------------------------------|---------------------------------------|--|--|
| | Audited as at 30 June 2023 | Minimum Scenario | Maximum Scenarios 1 and 2 |

| Gearing ratio [#] (times) | 0.34 | 0.32 | 0.28 |

Notes:

- (1) After taking into consideration the Issue Price of RM0.31 per Rights Unit and part of the estimated expenses of approximately RM0.27 million under the Minimum Scenario and approximately RM0.61 million under Maximum Scenarios 1 and 2 will be capitalised against the Unitholders' capital.
- (2) The total estimated expenses are approximately RM1.35 million in relation to the Proposals, of which the expenses directly attributable to the issuance of the Rights Units of approximately RM1.08 million will be charged to realised undistributed income under the Minimum Scenario, while approximately RM0.74 million will be charged to realised undistributed income under Maximum Scenarios 1 and 2.
- (3) After taking into consideration the final income distribution of 0.27 sen per Unit amounting to approximately RM0.76 million which was paid on 30 August 2023 and the interim income distribution of 0.23 sen per Unit, amounting to approximately RM0.645 million which was paid on 28 February 2024.

- (4) After taking into consideration the interest savings of approximately RM0.68 million per annum calculated based on the average interest rate of the bank borrowings of 4.30% per annum (assuming the same interest rate as FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM15.90 million under the Minimum Scenario.
- (5) After taking into consideration the interest savings of approximately RM1.72 million per annum calculated based on the average interest rate of the bank borrowings of 4.30% per annum (assuming the same interest rate based as FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM40.00 million under Maximum Scenarios 1 and 2.
- (6) After taking into consideration the refurbishment works for the existing properties of approximately RM23.87 million under Maximum Scenarios 1 and 2. As at the LPD, Plaza Zurich, Menara HLX and Guoco Tower have been earmarked for refurbishment.
- (7) After taking into consideration the partial repayment of bank borrowings of approximately RM15.90 million under the Minimum Scenario.
- (8) After taking into consideration the partial repayment of bank borrowings of RM40.00 million under Maximum Scenarios 1 and 2.
- * Calculated based on NAV divided by the number of Units in circulation.
- # Calculated based on total borrowings divided by total assets.

6.3 Earnings and distributable income

The issuance of new Rights Units pursuant to the Proposed Rights Issue will dilute the DPU. Nevertheless, the Proposed Rights Issue is expected to be yield accretive for our Unitholders, after taking into consideration the expected interest savings arising from the partial repayment of bank borrowings.

For illustration purposes, the pro forma effects of the Proposed Rights Issue on the DPU based on the audited statement of comprehensive income for the FYE 30 June 2023 and assuming the Proposed Rights Issue was effected on 1 July 2022, are as follows:

| | Audited for the FYE 30 June 2023 | After the Proposed Rights Issue | |
|------------------------------------|-------------------------------------|---------------------------------|---------------------------------|
| | | Minimum Scenario | Maximum Scenarios 1 and 2 |
| | RM'000 | RM'000 | RM'000 |
| Net (loss) for the year | (17,600) | ⁽¹⁾ (17,995) | ⁽²⁾ (16,619) |

| (Loss) per Unit* (sen) | (6.27) | (5.35) | (3.39) |
| DPU# (sen) | 0.58 | 0.37 | 0.53 |

Notes:

- (1) After taking into consideration the following:
- (a) interest savings of approximately RM0.68 million per annum calculated based on the average interest rate of the bank borrowings of 4.30% per annum (assuming the same interest rate as FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM15.90 million under the Minimum Scenario; and
- (b) the estimated expenses of approximately RM1.08 million in connection with the Proposals which will be charged as expenses under the Minimum Scenario.

(2) After taking into consideration the following:

- (a) interest saving of approximately RM1.72 million per annum calculated based on the average interest rate of the bank borrowings of 4.30% per annum (assuming the same interest rate based as FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM40.00 million under Maximum Scenarios 1 and 2; and
- (b) the estimated expenses of approximately RM0.74 million in connection with the Proposals, which will be charged as expenses under Maximum Scenarios 1 and 2.

* Calculated based on net (loss) for the year divided by the number of Units in circulation.

Calculated based on income distribution divided by the number of Units in circulation.

Our Manager had declared and paid a total income distribution of 0.58 sen per Unit for the FYE 30 June 2023. For the period from 1 July 2023 up to the LPD, our Manager had also declared an income distribution of 0.23 sen per Unit.

Barring unforeseen circumstances, our Manager intends to distribute at least 90% of the distributable and realised income of Tower REIT for each year or such other intervals as determined by our Manager at their discretion. The Proposed Rights Issue is not expected to have any material effect on our distribution policy.

6.4 Substantial Unitholders' unitholdings

Based on the Record of Depositors of Tower REIT as at the LPD, the effects of the Proposed Rights Issue on the substantial Unitholders' unitholdings are as follows:

7. APPROVALS REQUIRED AND CONDITIONALITY

The Proposals are subject to, amongst others, the following approvals being obtained:

- (i) Bursa Securities, for the listing of and quotation for up to 210,375,000 Rights Units to be issued pursuant to the Proposed Rights Issue on the Main Market of Bursa Securities, the approval of which was obtained vide Bursa Securities' letter dated 23 February 2024, subject to the following conditions:

| No. | Conditions | Status of compliance |
|-----|--|----------------------|
| (a) | Tower REIT and HLIB must fully comply with the relevant provisions under the Listing Requirements pertaining to the implementation of the Proposed Rights Issue; | To be complied |
| (b) | HLIB to inform Bursa Securities upon the completion of the Proposed Rights Issue; | To be complied |
| (c) | Tower REIT and HLIB to furnish Bursa Securities with a written confirmation of its compliance with the terms and conditions of Bursa Securities' approval once the Proposed Rights Issue is completed; | To be complied |
| (d) | HLIB to furnish Bursa Securities a certified true copy of the resolution passed by the Unitholders approving the Proposed Rights Issue; and | To be complied |
| (e) | Tower REIT and HLIB must observe and ensure full compliance with paragraph 8.02 of the Listing Requirements at all times. | To be complied |

- (ii) our Unitholders for the Proposed Rights Issue and our non-interested Unitholders for the Proposed Exemption at our forthcoming Unitholders' Meeting; and
- (iii) SC for the Proposed Exemption. The application to seek approval for the Proposed Exemption will be submitted to the SC after obtaining the approval of our non-interested Unitholders for the Proposed Exemption at our forthcoming Unitholders' Meeting.

The Proposed Exemption is conditional upon the Proposed Rights Issue but not *vice versa*.

The Proposals are not conditional upon any other proposal undertaken or to be undertaken by Tower REIT.

8. INTERESTS OF DIRECTORS, CHIEF EXECUTIVE OFFICER AND MAJOR SHAREHOLDER OF OUR MANAGER, MAJOR UNITHOLDERS AND/OR PERSONS CONNECTED WITH THEM

8.1 Proposed Rights Issue

None of our directors, Chief Executive Officer and/or major shareholder of our Manager, major Unitholders and/or persons connected with them have any interest, direct or indirect, in the Proposed Rights Issue, save for their respective entitlements as Unitholders under the Proposed Rights Issue, to which all Entitled Unitholders will be similarly entitled.

8.2 Proposed Exemption

The interest of our directors and major shareholder of our Manager, major Unitholders, Chief Executive and/or persons connected with them in respect of the Proposed Exemption are set out below.

(i) Interested Directors of our Manager

- (a) Mr. Tang Hong Cheong is a director of the Manager. He is also a director of GuocoLand, which is an applicant seeking for the SC's approval for exemption from its obligation to undertake a mandatory offer in connection with the Proposed Exemption.
- (b) Mr. Cheng Hsing Yao (Zheng Xinyao) is a director of the Manager. He is also a director of GuocoLand, which is an applicant seeking for the SC's approval for exemption from its obligation to undertake a mandatory offer in connection with the Proposed Exemption.
- (c) Puan Noorbaizura Binti Hermeyney is a director of the Manager. She is also a director of GLME and GuocoLand, which are applicants seeking for the SC's approval for exemption from their obligation to undertake a mandatory offer in connection with the Proposed Exemption.
- (d) Ms. Lim Tau Kien is a director of the Manager. She is also a director of HLA Holdings Sdn Bhd. HLA Holdings Sdn Bhd is the holding company of HLA, being a person connected with the Interested Major Shareholder and PAC with the Interested Major Shareholder and GLME.

As at the LPD, Mr. Tang Hong Cheong, Mr. Cheng Hsing Yao (Zheng Xinyao), Puan Noorbaizura Binti Hermeyney and Ms. Lim Tau Kien do not hold any Units, direct or indirect, in Tower REIT.

The Interested Directors have abstained and will continue to abstain from all deliberations and voting at our relevant Board meetings on resolutions pertaining to the Proposed Exemption. The Interested Directors have further undertaken to ensure that persons connected to them will abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting.

(ii) Interested major shareholder of our Manager

Our Manager is a wholly-owned subsidiary of GuocoLand, an applicant seeking for the SC's approval in respect of the Proposed Exemption. GuocoLand will also be named as the ultimate offeror in respect of the potential MGO obligation under the CMSA, the Code and the Rules to be triggered arising from GLME subscribing for Rights Units pursuant to its Additional Undertaking. Accordingly, GuocoLand is deemed interested in the Proposed Exemption.

The Interested Major Shareholder will abstain from voting in respect of its direct and/or indirect unitholdings held in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting. The Interested Major Shareholder has further undertaken to ensure that persons connected to it will also abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting.

(iii) Interested major Unitholders of Tower REIT

- (a) GLME is a direct major Unitholder. GLME is also an applicant seeking for the SC's approval in respect of the Proposed Exemption. GLME will be named as the offeror in respect of the potential MGO under the CMSA, the Code and the Rules to be triggered arising from GLME subscribing for Rights Units pursuant to its Additional Undertaking. In addition, GLME is a wholly-owned subsidiary of the Interested Major Shareholder.
- (b) HLA is a direct major Unitholder. HLA is a person connected with the Interested Major Shareholder and PAC with the Interested Major Shareholder and GLME.

Please refer **Section 6.4, Part A** of this Circular for further information on their unitholdings in Tower REIT.

The Interested Major Unitholders will abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting. The Interested Major Unitholders have further undertaken to ensure that persons connected to them will abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting.

For our Unitholders' information and for the avoidance of doubt:

- (a) the Interested Major Shareholder will ensure that ALSB, HLIB, HLA and AFIC, being PACs of the Interested Major Shareholder and GLME in respect of the Proposed Exemption; and
- (b) GLME will ensure that VST, being a PAC of GLME in respect of the Proposed Exemption,

will also abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT on the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting. Please refer to **Section 2.3, Part A** of this Circular for further information on the Other Interested Parties' unitholdings in Tower REIT.

9. DIRECTORS' STATEMENT AND RECOMMENDATION

Our Board, having considered all aspects of the Proposed Rights Issue, including but not limited to the rationale for the Proposed Rights Issue, the pro forma effects of the Proposed Rights Issue as well as the proposed utilisation of proceeds to be raised from the Proposed Rights Issue, is of the opinion that the Proposed Rights Issue is in the best interests of Tower REIT.

Accordingly, our Board recommends that you **VOTE IN FAVOUR** of the resolution pertaining to the Proposed Rights Issue at our forthcoming Unitholders' Meeting.

Our Board (save for the Interested Directors), being YBhg Dato' Tan Ang Meng having considered all aspects of the Proposed Exemption, including but not limited to the rationale for the Proposed Exemption and the effects of the Proposed Exemption, is of the opinion that the Proposed Exemption is in the best interests of Tower REIT.

Accordingly, our Board (save for the Interested Directors), being YBhg Dato' Tan Ang Meng recommends that you **VOTE IN FAVOUR** of the resolution pertaining to the Proposed Exemption at our forthcoming Unitholders' Meeting.

10. TENTATIVE TIMETABLE FOR IMPLEMENTATION

PART B

**IAL FROM MALACCA SECURITIES SDN BHD TO OUR NON-INTERESTED UNITHOLDERS IN
RELATION TO THE PROPOSED EXEMPTION**

EXECUTIVE SUMMARY

All definitions used in this Executive Summary shall have the same meanings as defined in the “Definitions” section of this Circular and as defined in the IAL herein, except where the context otherwise requires or is otherwise defined herein. All references to “you” are references made to the non-interested Unitholders of Tower REIT, whilst references to “we”, “us” or “our” are references to Malacca Securities, being the Independent Adviser for the Proposed Exemption.

THIS EXECUTIVE SUMMARY SUMMARISES THE IAL IN RELATION TO THE PROPOSED EXEMPTION DETAILED IN PART B OF THE CIRCULAR. YOU ARE ADVISED TO READ AND UNDERSTAND THE IAL AND ITS ATTACHMENTS IN ITS ENTIRETY, TOGETHER WITH THE LETTER TO THE TOWER REIT UNITHOLDERS IN PART A OF THIS CIRCULAR AND THE ACCOMPANYING APPENDICES FOR OTHER RELEVANT INFORMATION AND NOT TO RELY SOLELY ON THIS EXECUTIVE SUMMARY BEFORE FORMING AN OPINION ON THE PROPOSED EXEMPTION.

YOU ARE ALSO ADVISED TO CAREFULLY CONSIDER THE RECOMMENDATIONS CONTAINED IN BOTH THE IAL AND THE LETTER TO THE TOWER REIT UNITHOLDERS BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED EXEMPTION TO BE TABLED AT TOWER REIT’S FORTHCOMING UNITHOLDERS’ MEETING. IF YOU ARE IN DOUBT AS TO THE COURSE OF ACTION TO BE TAKEN, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER PROFESSIONAL ADVISER IMMEDIATELY.

1. INTRODUCTION

On 13 December 2023, HLIB, had on behalf of the Board, announced that the Manager proposed for Tower REIT to undertake the Proposed Rights Issue and Proposed Exemption.

The Proposed Rights Issue is renounceable in full or in part and will be undertaken on a minimum subscription basis after taking into consideration the funds Tower REIT intends to raise and based on the Minimum Undertakings provided by GLME and ALSB. In addition, GLME has also provided the Additional Undertaking, subject to the Proposed Exemption being approved by the non-interested Unitholders at the Unitholders’ Meeting to be convened and by the SC.

Under Maximum Scenario 1, the unitholding of GLME in Tower REIT will increase from 21.66% to 53.19% upon the completion of the Proposed Rights Issue arising from GLME’s subscription of Rights Units pursuant to its Additional Undertaking, which exceeds the 33% MGO threshold. Under this circumstance, GLME, on an individual basis, will trigger the mandatory general offer obligation under the CMSA, Code and the Rules.

It is not the intention of GLME, GuocoLand and their PACs to undertake a mandatory general offer as a result of GLME’s subscription for Rights Units pursuant to its Additional Undertaking under Maximum Scenario 1. In this regard, GLME and GuocoLand will apply for an exemption from SC to exempt them from the obligation to undertake a mandatory general offer for all the remaining units in Tower REIT not already owned by them arising from GLME’s subscription of Rights Units pursuant to its Additional Undertaking under subparagraph 4.08(1)(b) of the Rules, subject to the non-interested Unitholders’ approval for the Proposed Exemption.

As the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa, in the event the non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking by GLME will lapse and GLME will not subscribe to such number of Rights Units that will cause the unitholding in GLME in Tower REIT to exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue. As such, no mandatory offer obligation will arise.

On 13 December 2023, Malacca Securities was appointed as the Independent Adviser to advise you and the non-interested Directors on the Proposed Exemption and our evaluation of the Proposed Rights Issue will only be based on Maximum Scenario 1 where the Proposed Exemption will be required. On 14 December 2023, in accordance with the Rules, we had declared our independence from conflict of interests to the SC, to act as the Independent Adviser for the Proposed Exemption.

The SC had vide its letter dated 5 March 2024 notified us that it has no further comments on the contents of this IAL. However, such notification shall not be taken to suggest that the SC agrees with our recommendation or assumes responsibility for the correctness of any statements made or opinions or reports expressed in this IAL.

The purpose of this IAL is to provide you with our independent evaluation of the Proposed Exemption together with our recommendation on whether to vote in favour of the Proposed Exemption, subject to the scope and limitations specified herein. Nevertheless, you should rely on your own evaluation of the merits and demerits of the Proposed Exemption before making a decision on the course of action to be taken at Tower REIT's forthcoming Unitholders' Meeting.

Please refer to Section 1 of the IAL for further details.

2. EVALUATION OF THE PROPOSED EXEMPTION

In arriving at our conclusion and recommendation, we have assessed and evaluated the Proposed Exemption on a holistic approach in accordance with paragraphs 8 to 10 of Schedule 2: Part III of the Rules⁽¹⁾.

(1) Paragraphs 8 to 10 of Schedule 2: Part III of the Rules are set out as follows:

Paragraph 8: In evaluating exemptions from mandatory offer obligations resulting from transactions involving the issuance of new securities or when a company purchases its own voting shares, a holistic approach should be taken in assessing whether the exemption is fair and reasonable and whether non-interested shareholders should vote for or against the exemption;

Paragraph 9: The independent adviser should discuss the purpose and effect of the exemption, that is, the substance of the transaction, particularly when the proposed exemption involves transactions that will result in the obtaining or consolidation of control. In such cases, the independent adviser should identify the advantages and disadvantages of the exemption to non-interested shareholders to enable them to decide on the proposed exemption. The independent adviser should also conclude whether the proposed exemption is 'fair and reasonable'; and

Paragraph 10: Benefits of the exemption to the non-interested shareholders may include, but are not limited to the following:

- (a) Long-term profit outlook of the offeree with the injection of additional capital;*
- (b) Improved gearing of the offeree as a result of any reduction in debt;*
- (c) Improved cashflow of the offeree as a result of the injection of working capital; or*
- (d) Advantages of raising funds through equity as compared to other alternative financing avenues.*

In our evaluation of the Proposed Exemption, we have considered the following:

| Section in the IAL | Area of evaluation | Malacca Securities' comments |
|--------------------|---|--|
| Section 6.1.1 | Rationale for the Proposed Rights Issue | <p>Our comments on the rationale of the Proposed Rights Issue are summarised as follows:</p> <p>(a) Strengthen the Unitholders' capital base and financial position of Tower REIT</p> <p>The Proposed Rights Issue will strengthen the Unitholders' capital base of Tower REIT on a pro forma basis from RM285.35 million to RM349.95 million and the pro forma NAV of Tower REIT will also correspondingly increase from RM501.07 million to RM565.25 million under Maximum Scenario 1.</p> <p>Under Maximum Scenario 1, the additional equity raised of up to RM65.22 million will further strengthen the capital structure of Tower REIT and provide it with greater financial flexibility.</p> <p>(b) Raise funds for refurbishment of Tower REIT's existing properties</p> <p>The Proposed Rights Issue will provide Tower REIT with funds mainly to be used for the refurbishment of Plaza Zurich, Menara HLX and Guoco Tower which are expected to improve the occupancy rate and leasing pipeline. As at the LPD, the occupancy rates of Plaza Zurich, Menara HLX and Guoco Tower are 73%, 32% and 95% respectively. The refurbishment has started in the FYE 30 June 2024 and is expected to be completed in the FYE 30 June 2026. The allocation of the refurbishment cost for Plaza Zurich, Menara HLX and Guoco Tower are approximately RM13.00 million, RM14.00 million and RM1.00 million respectively, representing a total estimated refurbishment cost of approximately RM28.00 million. Under Maximum Scenario 1, the shortfall of the amount allocated for refurbishment of existing properties will be funded via internally generated funds.</p> <p>The upgrade and replacement of power transformer, upgrade work for the lifts and upgrade work for the HVAC system of Tower REIT's properties are expected to enhance Tower REIT's ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system. However, there is no certainty that the benefits arising from the utilisation of proceeds to be raised from the Proposed Rights Issue can be realised and may not necessarily contribute positively to the future earnings of Tower REIT.</p> |

| Section 6.1.1 (Cont'd) | Rationale for the Proposed Rights Issue (Cont'd) | <p>(c) Potential impact to the cost of capital and gearing level of Tower REIT</p> <p>Based on the unaudited 6-month FPE 31 December 2023, we have assessed the pro forma changes in the WACC and gearing of the Tower REIT based on the following scenarios as at the LPD:</p> <table><tr><th></th><th>Existing Scenario</th><th>Equity Scenario</th><th>Debt Scenario</th></tr><tr><td>WACC (%)</td><td>4.98</td><td>5.26</td><td>4.96</td></tr><tr><td>Gearing (Times)</td><td>0.34</td><td>0.28</td><td>0.35</td></tr></table> <p>Despite the pro forma WACC increasing by 0.28% under the Equity Scenario, we are of the view that the Proposed Rights Issue under Maximum Scenario 1 is the most appropriate avenue of fund raising for Tower REIT as opposed to the option of raising funds under the Debt Scenario due to the following:</p> <ul style="list-style-type: none">(i) Tower REIT would be able to minimise its cash outlay from internally generated funds, preserving the cash position of Tower REIT for other business requirements such as working capital and refurbishment of its existing properties;(ii) the Proposed Rights Issue would result in a lower pro forma gearing ratio which may allow Tower REIT to have greater flexibility in sourcing for funding alternatives in the future, if required; and(iii) the Proposed Rights Issue represents an opportunity for all Entitled Unitholders to further increase their equity participation in Tower REIT's future growth and prospects on a pro-rata basis without Tower REIT having to incur additional interest expenses arising from the use of bank borrowings which may negatively impact its future earnings and consequently affect the distributable income to the Unitholders of Tower REIT. | | Existing Scenario | Equity Scenario | Debt Scenario | WACC (%) | 4.98 | 5.26 | 4.96 | Gearing (Times) | 0.34 | 0.28 | 0.35 |

| Section 6.1.1 (Cont'd) | Rationale for the Proposed Rights Issue (Cont'd) | <p>(d) Interest savings arising from the repayment of bank borrowings</p> <p>Based on Maximum Scenario 1 of the Proposed Rights Issue, Tower REIT intends to allocate RM40.0 million to partially repay bank borrowings. The partial repayment of bank borrowings will result in interest savings for Tower REIT and reduction in the pro forma gearing of Tower REIT from 0.34 times to 0.28 times. However, the pro forma WACC will increase from 4.98% to 5.26%. For illustration purpose, based on Tower REIT's effective interest rate of approximately 4.3%, the partial repayment of Tower REIT's borrowings of RM40.0 million (representing approximately 14.70% of total borrowings as at 31 December 2023) is expected to result in potential interest savings of RM1.31 million per annum (net of tax), representing 10.86% of the interest expense of Tower REIT of RM12.06 million as at FYE 30 June 2023, under Maximum Scenario 1.</p> <p>Tower REIT will be able to use the funds from the interest savings for other purposes such as working capital as well as improve its cashflow.</p> <p>(e) The Proposed Rights Issue will also provide Tower REIT Unitholders with an opportunity to participate in an equity offering of Units on a pro-rata basis at an attractive price and ultimately, participate in the prospects and future growth of Tower REIT</p> <p>The Proposed Rights Issue represents an opportunity for all Entitled Unitholders to further increase their equity participation in Tower REIT's future growth and prospects on a pro-rata basis and without diluting the Unitholders' percentage unitholdings in Tower REIT (provided that all Entitled Unitholders subscribe in full for their respective entitlements), as opposed to fund-raising via a private placement exercise whereby only selected investors can participate.</p> <p>If the Entitled Unitholders subscribe for their respective entitlements, the Proposed Rights Issue will provide an avenue for them to participate in the prospects and future growth of Tower REIT at the same proportion of unitholding as before the Proposed Rights Issue.</p> <p>(f) Commitment from the major Unitholder</p> <p>In order to ensure that the fund-raising objective of Tower REIT will be met, the Manager has obtained the Minimum Undertakings, and an Additional Undertaking from GLME to subscribe for Rights Units not subscribed for by other Entitled Unitholders under Maximum Scenario 1, subject to the Proposed Exemption being approved by the non-interested Unitholders at the Unitholders' Meeting to be convened and by the SC, thereby reinforcing GLME's commitment to Tower REIT as the largest major Unitholder.</p> |

| Section in the IAL | Area of evaluation | Malacca Securities' comments |
|--------------------|--------------------------------------|---|
| Section 6.1.2 | Rationale for the Proposed Exemption | <p>As at the LPD, the unitholding of GLME in Tower REIT will increase from 21.66% as at the LPD to 53.19% under Maximum Scenario 1, which will exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue arising from GLME's subscription of Rights Units pursuant to its Minimum Undertaking and Additional Undertaking. Under this circumstance, GLME will trigger the mandatory general offer obligation under the CMSA, Code and the Rules.</p> <p>However, it is not the intention of GLME, GuocoLand and their PACs to undertake a mandatory general offer as a result of GLME's subscription of Rights Units pursuant to its Additional Undertaking under Maximum Scenario 1. As such, the Proposed Exemption will relieve GLME, GuocoLand and their PACs from the obligation to undertake a mandatory general offer under Maximum Scenario 1.</p> <p>In the event that any of the non-interested Unitholders decide not to take up or opt to renounce all or some of their entitlements to the Proposed Rights Issue, their unitholdings will be diluted while the collective unitholding of GLME, GuocoLand and their PACs would increase given GLME's Additional Undertaking under Maximum Scenario 1.</p> <p>Notwithstanding the above, in the event the non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking by GLME will lapse and GLME will not subscribe to such number of Rights Units that will cause the unitholding in GLME in Tower REIT to exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue. As such, no mandatory offer obligation will arise.</p> |
| Section 6.2 | Issue price of the Rights Units | <p>We note that the illustrative Issue Price of RM0.31 per Rights Unit represents:</p> <p>(a) discounts ranging from 7.44% to 14.17% to the TERP based on the closing market price on 12 December 2023, being the last trading date prior to the announcement in relation to the Proposals ("LTD"), as well as the 5-day, 1-month, 3-month, 6-month and 12-month VWAMPs of Units up to the LTD; and</p> <p>(b) discounts ranging from 7.66% to 13.62% to the TERP based on the closing market price on the LPD as well as the 5-day, 1-month, 3-month, 6-month and 12-month VWAMPs of Units up to the LPD.</p> <p>The illustrative Issue Price represents discounts ranging from 73.04% to 82.58% to the latest audited, latest unaudited and pro forma NAV per Unit and is considered to be attractive for the subscription of the Rights Units by the Entitled Unitholders. The Entitled Unitholders and/or their renouncee(s) and/or transferee(s) would need to incur cash outlay to subscribe for the Rights Units, and thus are entitled for the discount stated above.</p> |

EXECUTIVE SUMMARY (Cont'd)

| Section in the IAL | Area of evaluation | Malacca Securities' comments |
|----------------------|---|---|
| Section 6.2 (Cont'd) | Issue price of the Rights Units (Cont'd) | <p>In evaluating the illustrative Issue Price of the Rights Units, we considered the following:</p> <ul style="list-style-type: none"> (a) the entitlements to the Rights Units are equitable and are fair and proportionate to all the Entitled Unitholders based on their unitholdings in Tower REIT on the Entitlement Date; (b) the indicative discount of approximately 7.82% to the TERP of the Units, based on the 5-day VWAMP of the Units up to the LPD of RM0.3561 per Unit, serves to increase the pricing attractiveness of the Rights Units to the Entitled Unitholders and all the Entitled Unitholders have the right to subscribe for their respective entitlements to the Rights Units at the same Issue Price; (c) the pricing mechanism of the Rights Units will be market-based as it is based on the 5-day VWAMP immediately preceding the price-fixing date of the Rights Units. For information purposes, in the event the discount of the final Issue Price to the TERP of the units is higher than the discount of the illustrative Issue Price, it will only serve to increase the pricing attractiveness of the Rights Units to all the Entitled Unitholders. However, should the Entitled Unitholders choose not to subscribe for the Rights Units, the unitholdings of the Entitled Unitholders will be diluted; (d) should the Entitled Unitholders choose not to subscribe for the Rights Units, the Entitled Unitholders can trade their rights to the Rights Units on the market, and as such, those that choose to renounce their entitlements to the Rights Units can sell all or part of their rights to the Rights Units in the market. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights; and (e) although the Proposed Exemption will allow GLME to increase its unitholding in Tower REIT via GLME's fulfilment of the Additional Undertaking under Maximum Scenario 1, the collective percentage unitholdings of GLME, GuocoLand and their PACs will only increase if there are remaining Rights Units which are not fully subscribed for by other Entitled Unitholders at their own discretion. |
| Section 6.3 | Effects of the Proposed Rights Issue and the Proposed Exemption | <p>The Proposed Exemption, on a standalone basis, will not have any effect on the issued unitholders' capital, NAV per Unit, gearing, earnings and distributable income, and substantial Unitholders' unitholdings of Tower REIT.</p> <p>The Proposed Exemption will facilitate the Proposed Rights Issue under Maximum Scenario 1, which will in turn affect Tower REIT's Unitholders' capital, NAV per Unit, gearing, earnings and distributable income, and substantial Unitholders' unitholdings of Tower REIT as follows:</p> <ul style="list-style-type: none"> (i) The Unitholders' capital of Tower REIT will increase from approximately RM285.35 million as at the LPD to approximately RM349.95 under Maximum Scenario 1. |

| Section in the IAL | Area of evaluation | Malacca Securities' comments |
|----------------------|--|--|
| Section 6.3 (Cont'd) | Effects of the Proposed Rights Issue and the Proposed Exemption (Cont'd) | <p>(ii) The pro forma NAV will increase from approximately RM501.07 million as at 30 June 2023 to approximately RM565.25 million under Maximum Scenario 1. The pro forma NAV per Unit will decrease from RM1.79 (before the final income distribution of 0.27 sen per Unit) or RM1.78 (after the final income distribution of 0.27 sen per Unit) as at 30 June 2023 to RM1.15 under Maximum Scenario 1 mainly due to the dilution effect arising from the issuance of the Rights Units after the completion of the Proposed Rights Issue.</p> <p>(iii) The pro forma gearing ratio will decrease from 0.34 times as at 30 June 2023 to 0.28 times under Maximum Scenario 1. The improvement in gearing ratio is mainly attributable to the increase in Unitholders' equity as a result of the issuance of the Rights Units and partial repayment of bank borrowings amounting to approximately RM40.00 million from the proceeds raised under Maximum Scenario 1 pursuant to the Proposed Rights Issue.</p> <p>(iv) The Proposed Rights Issue is expected to have an immediate dilution to Tower REIT's DPU on a pro forma basis from 0.58 sen as at 30 June 2023 to 0.45 sen under Maximum Scenario 1 as a result of the increase in the number of Units in issue upon completion of the Proposed Rights Issue.</p> <p>(v) Under Maximum Scenario 1 wherein GLME subscribes for the Rights Units based on its entitlement to the Rights Units and the Additional Undertaking and none of the other Entitled Unitholders take up their entitlements, the pro forma effects of the Proposed Rights Issue will result in an increase to GLME's direct unitholding from 21.66% to 53.19% while GLME, GuocoLand and their PACs' collective unitholding will increase from 54.30% to a maximum of approximately 73.89%. Consequently, the collective unitholding of the non-interested Unitholders who do not subscribe for their entitlements will reduce from 45.70% to 26.11%, after taking into account ALSB's fulfilment of the Minimum Undertaking as well.</p> |
| Section 6.4 | Industry overview and prospects of Tower REIT | Despite the difficult operating environment, the Manager has achieved improved occupancy by an average of 5.93% in all its properties within Tower REIT's portfolio over 12 months from January 2023 to December 2023, while recognising that there is more refurbishment work which needs to be carried out. The Manager will continue to take proactive stance, diligently working to enhance its offering to cater to the target market, contain costs and ensuring a sustainable and competitive position. |

|----------------------|--|---|
| Section 6.4 (Cont'd) | Industry overview and prospects of Tower REIT (Cont'd) | <p>We note that the Manager has earmarked its proceeds from the Proposed Rights Issue under Maximum Scenario 1 for the refurbishments of Plaza Zurich, Menara HLX and Guoco Tower which are expected to improve the occupancy rate and leasing pipeline of Tower REIT's properties, and enhance Tower REIT's ESG performance which should augur well for the prospects of Tower REIT in the long term. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system.</p> |
| Section 6.5 | Implications of the Proposed Exemption | <p><u>If you VOTE IN FAVOUR of the Proposed Exemption</u></p> <p>Should you vote in favour of the Proposed Exemption and the Proposed Exemption is approved at the forthcoming Unitholders' Meeting, the SC would be able to consider the application for the Proposed Exemption.</p> <p>Your approval of the Proposed Exemption will imply that you have agreed to waive your rights to a general offer by GLME, GuocoLand and their PACs for Units based on the highest price paid by GLME, GuocoLand and their PACs for Units in the past 6-month period before the incurrence of such obligation to undertake the mandatory general offer. GLME, GuocoLand and their PACs will be able to subscribe for the Rights Units at the same price as the Entitled Unitholders and increase their unitholdings in Tower REIT without the obligation to undertake a mandatory general offer in the event of any non-subscription for the Rights Units by the non-interested Unitholders.</p> <p><u>If you VOTE AGAINST the Proposed Exemption</u></p> <p>In the event that you vote against the Proposed Exemption and the Proposed Exemption is not approved at the forthcoming Unitholders' Meeting, the SC would not be able to consider the application by GLME, GuocoLand and their PACs for the Proposed Exemption. However, subject to the Unitholders' approval, the Proposed Rights Issue will continue to be implemented by Tower REIT under the Minimum Scenario as the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa.</p> <p>Consequently, Tower REIT would not be able to raise the maximum funds from the Proposed Rights Issue under Maximum Scenario 1 and also would not be able to realise the potential benefits arising therefrom. Hence, the Board will have to deliberate on other possible alternatives including new borrowings to raise funds for the refurbishment of the existing properties of Tower REIT.</p> |

3. CONCLUSION AND RECOMMENDATION

In arriving at our conclusion and recommendation, we have assessed and evaluated the Proposed Exemption on a holistic approach in accordance with paragraphs 8 to 10 of Schedule 2, Part III of the Rules (as set out in section 2 of the Executive Summary in Part B of this Circular) and also taken the relevant factors into consideration as discussed in Section 6 of the IAL. Non-interested Unitholders should carefully consider the merits and demerits of the Proposed Rights Issue and the Proposed Exemption based on all relevant factors and considerations as set out in the IAL and the letter to Tower REIT Unitholders in Part A of this Circular, prior to making a decision on whether to vote in favour or against the Proposed Exemption.

We have taken into consideration various factors discussed in the IAL of which the advantages and disadvantages of the Proposed Exemption, if granted, are summarised as below:

| Advantages | |
|-------------------|--|
| (a) | <p>The Proposed Exemption will enable Tower REIT to raise the maximum funds via the Proposed Rights Issue under Maximum Scenario 1 via equity capital and is expected to contribute positively to Tower REIT's earnings by:</p> <ul style="list-style-type: none"> (i) funding the refurbishment of the existing properties of Tower REIT which are expected to improve the occupancy rate and leasing pipeline of Plaza Zurich, Menara HLX and Guoco Tower without sourcing funds through additional borrowings and incurring additional interest expense. In addition, the upgrade and replacement of power transformer, upgrade works for the lifts and upgrade work for the HVAC system are expected to enhance Tower REIT's ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system; and (ii) reducing the debt of Tower REIT by RM40.0 million from approximately RM272.20 million as at 31 December 2023 to RM232.20 million and thereby potentially reducing interest expense of RM1.31 million per annum (net of tax), representing 10.86% of the interest expense of RM12.06 million as at FYE 30 June 2023, under Maximum Scenario 1. <p>The funds used for the abovementioned purposes to refurbish the existing properties of Tower REIT and the partial repayment of bank borrowings is expected to contribute positively to the financial performance of Tower REIT which will be pivotal to its potential prospects and growth.</p> |
| (b) | <p>The Proposed Exemption will enable Tower REIT to further strengthen its financial position and capital base via the Proposed Rights Issue under Maximum Scenario 1 due to the increase in Tower REIT's pro forma NAV from RM501.07 million as at FYE 30 June 2023 to RM565.25 million and the improvement in the pro forma gearing from 0.34 times as at FYE 30 June 2023 to 0.28 times pursuant to the partial repayment of bank borrowings and the increase in Unitholders' equity as a result of the issuance of the Rights Units. This is expected to improve the credit rating and debt capacity of Tower REIT, which in turn would provide Tower REIT with financial flexibility in the event Tower REIT intends to source for additional funds and/or gear up in the future to fund any potential investment opportunities which may arise.</p> |

| Disadvantages | |
|---------------|---|
| (a) | <p>Should you decide not to subscribe for your entitlements pursuant to the Proposed Rights Issue, your percentage unitholdings will be diluted accordingly under Maximum Scenario 1. Depending on the eventual subscription rate of the Rights Units by you, the collective unitholding of GLME, GuocoLand and their PACs in Tower REIT could potentially increase from approximately 54.30% to a maximum of approximately 73.89% and conversely, your collective unitholding could potentially be diluted from approximately 45.70% to approximately 26.11%. You should note that these maximum potential holdings of GLME, GuocoLand and their PACs as indicated above are purely illustrative and may not materialise if the Unitholders subscribe for their rights entitlement.</p> <p>Currently, GLME, GuocoLand and their PACs are already able to control the voting on ordinary resolutions which requires a simple majority of 50% plus one Unit at general meetings (where they are not required to abstain from voting) based on their existing collective unitholding. Additionally, should the unitholdings of GLME, GuocoLand and their PACs increase to a maximum of approximately 73.89% under Maximum Scenario 1, the non-interested Unitholders should note that their increased unitholdings would enable them to have greater control over the direction of Tower REIT, having significant influence over the outcome of any special resolution which requires a majority of 75% tabled at general meetings (unless they are required to abstain from voting).</p> |
| (b) | <p>The Proposed Exemption could potentially allow GLME, GuocoLand and their PACs to further increase control in Tower REIT at a discount without a premium being paid to you as the Issue Price will be issued at a discount to the TERP of the Units based on the 5-market day VWAMP of the Units preceding the price-fixing date.</p> <p>Additionally, under Maximum Scenario 1, the illustrative Issue Price of RM0.31 represents a discount of RM0.84 or 73.04% to the pro forma NAV per Unit of RM1.15</p> |
| (c) | <p>The Proposed Exemption will enable the Proposed Rights Issue to be implemented under Maximum Scenario 1, which will result in the following:</p> <ul style="list-style-type: none"> (i) the pro forma NAV per Unit will decrease from RM1.79 (before final income distribution of 0.27 sen per Unit) or RM1.78 (after final income distribution of 0.27 sen per Unit) as at 30 June 2023 to RM1.15 under Maximum Scenario 1, mainly due to the dilution effect arising from the issuance of the Rights Units; and (ii) a dilution to Tower REIT's DPU on a pro forma basis from 0.58 sen as at 30 June 2023 to 0.45 sen under Maximum Scenario 1 as a result of the increase in the number of Units in issue upon completion of the Proposed Rights Issue. |

Premised on the factors discussed above and our evaluation of the Proposed Exemption based on the information available to us, we are of the view that the Proposed Exemption is **fair and reasonable**.

Accordingly, we recommend you **VOTE IN FAVOUR** of the ordinary resolution pertaining to the Proposed Exemption to be tabled at the forthcoming Unitholders' Meeting.

However, you should take note that should you decide not to subscribe for the Rights Units, your percentage unitholdings in Tower REIT will be diluted accordingly. The dilutive effect on your collective unitholding from approximately 45.70% to approximately 26.11% under Maximum Scenario 1 as stated in Section 6.5.1 of this IAL would cause a transfer of value in the form of Rights Units as follows:

- (a) **discount to the TERP of Units based on the 5-market day VWAMP of Units preceding the price-fixing date. For illustrative purposes, the illustrative Issue Price of RM0.31 represents a discount of RM0.0263 or 7.82% to the TERP of Units, based on the 5-market day VWAMP of the Units up to the LPD of RM0.3561; and**

- (b) the illustrative Issue Price of RM0.31 represents a discount of RM0.84 or 73.04% to the pro forma NAV per Unit of RM1.15 under Maximum Scenario 1,

from the non-participating Unitholders to the participating Unitholders. This is detrimental to the interest of Unitholders who do not subscribe for the Rights Units. Entitled Unitholders who do not take up the Rights Units will have the opportunity to sell the rights entitlements in the market. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights.

For illustration purposes, assuming a Unitholder who holds 1,000 Units and does not subscribe for the Rights Units, the transfer of value of the Units of this non-participating Unitholder will be diluted as follows:

- (a) assuming the illustrative Issue Price of RM0.31, which represents a discount of 7.82% to the TERP of the Units of RM0.3363 based on the 5-day VWAMP of Units up to and including LPD of RM0.3561:

| Before Proposed Rights Issue | | | After Proposed Rights Issue | | |
|------------------------------|--------------------------------|------------------|-----------------------------|--|------------------|
| No. of Units | 5-day VWAMP as at the LPD (RM) | Total value (RM) | No. of Units | TERP based on the 5-day VWAMP as at the LPD (RM) | Total value (RM) |
| 1,000 | 0.3561 | 356.10 | 1,000 | 0.3363 | 336.30 |

Based on the above, the value of the 1,000 Units held by this non-participating Unitholder will decrease by RM19.80 or 5.56% from RM356.10 to RM336.30 after the completion of the Proposed Rights Issue.

- (b) assuming an illustrative issue price of RM0.273, which represents a discount of 14.82%⁽¹⁾ to the TERP of the Units of RM0.3205 based on the 5-day VWAMP of Units up to and including LPD of RM0.3561:

| Before Proposed Rights Issue | | | After Proposed Rights Issue | | |
|------------------------------|--------------------------------|------------------|-----------------------------|--|------------------|
| No. of Units | 5-day VWAMP as at the LPD (RM) | Total value (RM) | No. of Units | TERP based on the 5-day VWAMP as at the LPD (RM) | Total value (RM) |
| 1,000 | 0.3561 | 356.10 | 1,000 | 0.3205 | 320.50 |

- (1) Pricing of the Rights Units is expected to be fixed at an indicative discount of up to 15% to the TERP based on the 5-day VWAMP of the Units immediately preceding the price-fixing date of the Rights Units. However, Unitholders should note that the actual discount may vary and is indicatively up to 15% as per the Board's intention.

Based on the above, the value of the 1,000 Units held by this non-participating Unitholder will decrease by RM35.60 or 10.00% from RM356.10 to RM320.50 after the completion of the Proposed Rights Issue.

YBhg Dato' Tan Ang Meng, being a Director of the Manager and the only non-interested director, has confirmed that he will **VOTE IN FAVOUR** of the Proposed Exemption in respect of his respective beneficial holdings in Units at the forthcoming Unitholders' Meeting.

We have not taken into consideration any specific investment objectives, financial situations, risk profile or particular need required by you. We recommend that if you require an advice in relation to the Proposed Exemption in the context of your investment objectives, financial situations, risk profile or particular needs, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

YOU ARE ADVISED TO READ BOTH THIS IAL AND ITS ATTACHMENTS AND THE LETTER TO TOWER REIT UNITHOLDERS IN PART A OF THIS CIRCULAR TOGETHER WITH THE ACCOMPANYING APPENDICES AND CAREFULLY CONSIDER THE RECOMMENDATIONS CONTAINED HEREIN BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED EXEMPTION TO BE TABLED AT THE FORTHCOMING UNITHOLDERS' MEETING.

7 March 2024

To: The non-interested Unitholders of Tower REIT

Dear Sir/Madam,

TOWER REAL ESTATE INVESTMENT TRUST

INDEPENDENT ADVICE LETTER TO THE NON-INTERESTED UNITHOLDERS OF TOWER REIT IN RELATION TO THE PROPOSED EXEMPTION

This IAL is prepared for inclusion as Part B of the Circular. Unless otherwise stated, the definitions used in this IAL shall have the same meanings as defined in the "Definitions" section of the Circular, except where the context otherwise requires or where otherwise defined herein.

1. INTRODUCTION

On 13 December 2023, HLIB, had on behalf of the Board, announced that the Manager proposed for Tower REIT to undertake the Proposed Rights Issue and Proposed Exemption.

The Proposed Rights Issue is renounceable in full or in part and will be undertaken on a minimum subscription basis after taking into consideration the funds Tower REIT intends to raise and based on the Minimum Undertakings provided by GLME and ALSB. In addition, GLME has also provided the Additional Undertaking, subject to the Proposed Exemption being approved by the non-interested Unitholders at the Unitholders' Meeting to be convened and by the SC.

A summary of the details of the Minimum Undertakings and Additional Undertaking based on the Minimum Scenario and Maximum Scenario 1 are as follows:

(a) Minimum Scenario

(Assuming the Minimum Undertakings fulfilled by GLME and ALSB at an illustrative Issue Price of RM0.31 at an entitlement basis of 3 Rights Units for every 4 existing Units held by the Entitled Unitholders, and none of the other Entitled Unitholders subscribe for their respective entitlements under the Proposed Rights Issue)

| Unitholders | As at the LPD | | Rights Units to be subscribed under the | | After the Proposed Rights Issue | |
|-------------|---------------------|-------|---|--|---------------------------------|-------|
| | No. of Units ('000) | (%) | Minimum Undertakings No. of Units ('000) | Additional Undertakings No. of Units ('000) | No. of Units ('000) | (%) |
| GLME | 60,769 | 21.66 | 45,576 | - | 106,345 | 31.64 |
| ALSB | 13,409 | 4.78 | 10,057 | - | 23,466 | 6.98 |

(b) Maximum Scenario 1

(Assuming the Minimum Undertakings fulfilled by GLME and ALSB, and Additional Undertaking fulfilled by GLME at an illustrative Issue Price of RM0.31 at an entitlement basis of 3 Rights Units for every 4 existing Units held by the Entitled Unitholders)

| Unitholders | As at the LPD | | Rights Units to be subscribed under the | | After the Proposed Rights Issue | |
|-------------|---------------------|-------|---|--|---------------------------------|-------|
| | No. of Units ('000) | (%) | Minimum Undertakings No. of Units ('000) | Additional Undertakings No. of Units ('000) | No. of Units ('000) | (%) |
| GLME | 60,769 | 21.66 | 45,576 | 154,741 | 261,086 | 53.19 |
| ALSB | 13,409 | 4.78 | 10,057 | - | 23,466 | 4.78 |

The Proposed Rights Issue is intended to raise up to RM66.0 million. Based on the above illustration, the changes in the assumed Entitlement Basis, the assumed Issue Price and the gross proceeds to be raised for the Proposed Rights Issue as compared to the announcement released on 13 December 2023 are as follows:

| | Announcement | Circular/ IAL |
|----------------------------------|---|---|
| Assumed entitlement basis | 2 Rights Units for every 3 existing Units | 3 Rights Units for every 4 existing Units |
| Assumed Issue Price | RM0.35 | RM0.31 |
| No. of Rights Units to be issued | up to 187,000,000 | up to 210,375,000 |
| Gross proceeds to be raised | RM65.45 million | RM65.22 million |

The above changes were made after taking into consideration the movement in the 5-day VWAMP of the Units to cater for a sufficient amount of new Units to be issued pursuant to the Proposed Rights Issue in order to ensure that Tower REIT is able to raise the minimum gross proceeds of approximately RM17.25 million.

Under Maximum Scenario 1, the unitholding of GLME in Tower REIT will increase from 21.66% to 53.19% upon the completion of the Proposed Rights Issue arising from GLME's subscription of Rights Units pursuant to its Minimum Undertaking and Additional Undertaking, which exceeds the 33% MGO threshold. Under this circumstance, GLME, on an individual basis, will trigger the mandatory general offer obligation under the CMSA, Code and the Rules.

For illustrative purposes, the pro forma direct unitholdings of GLME, GuocoLand and their PACs in Tower REIT based on the Minimum Scenario, and Maximum Scenarios 1 and 2 as at the LPD are illustrated as follows:

* Negligible.

(1) Calculated based on the total Unitholders' capital of 280,500,000 Units as at the LPD.

(2) Calculated based on the illustrative enlarged total Unitholders' capital of 336,133,575 Units after the Proposed Rights Issue based on the Minimum Scenario.

(3) Calculated based on the illustrative enlarged total Unitholders' capital of 490,875,000 Units after the Proposed Rights Issue based on Maximum Scenarios 1 and 2.

(4) VST is the spouse of a director of GLME, namely Choo Soo Nee. GLME is an applicant seeking for the SC's approval in respect of the Proposed Exemption.

As at the LPD, save for GLME's and ALSB's Undertakings, AFIC, HLA, HLIB and VST have not given any undertaking to subscribe for Rights Units.

The above is for illustration purposes only. Therefore, post-implementation of the Proposed Rights Issue, the actual unitholding percentages would depend on the actual number of Rights Units subscribed for by Entitled Unitholders and applicants for excess Rights Units.

It is not the intention of GLME, GuocoLand and their PACs to undertake a mandatory general offer as a result of GLME's subscription for Rights Units pursuant to its Additional Undertaking under Maximum Scenario 1. In this regard, GLME and GuocoLand will apply for an exemption from SC to exempt them from the obligation to undertake a mandatory general offer for all the remaining units in Tower REIT not already owned by them arising from GLME's subscription of Rights Units pursuant to its Additional Undertaking under subparagraph 4.08(1)(b) of the Rules, subject to the non-interested Unitholders' approval for the Proposed Exemption.

For the Unitholders' information, the application to seek for SC's approval for the Proposed Exemption will be submitted after having obtained the non-interested Unitholders' approval for the Proposed Exemption at the Unitholders' Meeting to be convened.

As the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa, in the event the non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking by GLME will lapse and GLME will not subscribe to such number of Rights Units that will cause the unitholding in GLME in Tower REIT to exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue. As such, no mandatory offer obligation will arise.

On 13 December 2023, Malacca Securities was appointed as the Independent Adviser to advise you and the non-interested Directors on the Proposed Exemption and our evaluation of the Proposed Rights Issue will only be based on Maximum Scenario 1 where the Proposed Exemption will be required. On 14 December 2023, in accordance with the Rules, we had declared our independence from conflict of interests to the SC, to act as the Independent Adviser for the Proposed Exemption.

The SC had vide its letter dated 5 March 2024 notified us that it has no further comments on the contents of this IAL. However, such notification shall not be taken to suggest that the SC agrees with our recommendation or assumes responsibility for the correctness of any statements made or opinions or reports expressed in this IAL.

The purpose of this IAL is to provide you with our independent evaluation of the Proposed Exemption together with our recommendation on whether to vote in favour of the Proposed Exemption, subject to the scope and limitations specified herein. Nevertheless, you should rely on your own evaluation of the merits and demerits of the Proposed Exemption before making a decision on the course of action to be taken at Tower REIT's forthcoming Unitholders' Meeting.

THIS IAL IS PREPARED SOLELY FOR YOU TO CONSIDER THE MERITS AND DEMERITS OF THE PROPOSED EXEMPTION AND SHOULD NOT BE USED OR RELIED UPON BY ANY OTHER PARTY OR FOR ANY OTHER PURPOSE WHATSOEVER.

YOU ARE ADVISED TO READ AND UNDERSTAND THIS IAL AND ITS ATTACHMENTS AND THE LETTER TO TOWER REIT UNITHOLDERS AS SET OUT IN PART A OF THIS CIRCULAR TOGETHER WITH THE ACCOMPANYING APPENDICES, AND TO CONSIDER CAREFULLY THE RECOMMENDATIONS CONTAINED IN BOTH THIS IAL AND THE LETTER TO TOWER REIT UNITHOLDERS BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED EXEMPTION TO BE TABLED AT TOWER REIT'S FORTHCOMING UNITHOLDERS' MEETING.

IF YOU ARE IN ANY DOUBT AS TO THE COURSE OF ACTION TO BE TAKEN, YOU SHOULD CONSULT YOUR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER PROFESSIONAL ADVISER IMMEDIATELY.

2. CREDENTIALS, EXPERIENCE AND EXPERTISE OF MALACCA SECURITIES

Malacca Securities is a participating organisation of Bursa Securities and provides a range of services including corporate finance advisory, stocks and futures broking and research. Malacca Securities was approved by the SC on 10 August 2020, as a corporate finance adviser. Our corporate finance team provides a wide range of corporate finance advisory services including initial public offerings, mergers, acquisitions and divestitures, equity fund raisings, corporate restructuring and independent advisory opinions.

The credentials, professional experience and expertise of Malacca Securities, where Malacca Securities had acted and was appointed as an independent adviser in the past two (2) years prior to the date of this IAL include, amongst others, the following:

- (a) Acquisition by Urban Reach Sdn Bhd, a 55%-owned subsidiary of FCW Holdings Berhad, from JKB Development Sdn Bhd of a parcel of leasehold industrial land held under Pajakan Mukim 1029, Lot 30487, Jalan Genting Kelang, Mukim of Setapak, District of Kuala Lumpur, Wilayah Persekutuan Kuala Lumpur for a total cash consideration of RM43.08 million where the independent advice letter was issued and dated 28 December 2023;
- (b) Unconditional mandatory take-over offer by Hextar Holdings Sdn Bhd (“**HHSB**”) through M&A Securities Sdn Bhd to acquire all the remaining ordinary shares in Hextar Industries Berhad (“**HIB**”) (“**HIB Share(s)**”) not already owned by HHSB for a cash consideration of RM0.38175 per HIB Share where the independent advice circular was issued and dated 14 November 2022; and
- (c) Acquisition by HIB of 100% equity interest in Hextar Fertilizers Limited from HHSB for a purchase consideration of RM480.0 million to be satisfied entirely via issuance of 1,600,000,000 new HIB Shares (“**Consideration Share(s)**”) at an issue price of RM0.30 per Consideration Share, where the independent advice letter was issued on 27 September 2022.

Premised on the foregoing, the corporate finance personnel of Malacca Securities are capable and competent and have the relevant experience in carrying out its role and responsibilities as an independent adviser to advise the non-interested Directors and non-interested Unitholders in relation to the Proposed Exemption.

3. SCOPE AND LIMITATIONS TO OUR EVALUATION

Malacca Securities was not involved in the formulation, deliberation and negotiation of the terms and conditions of the Proposed Rights Issue and the Proposed Exemption. Our scope as the Independent Adviser is limited to provide comments, opinions, information and recommendation on the Proposed Exemption pursuant to paragraph 3.06 of the Rules based on information and documents provided or are available to us, including the following:

- (a) information contained in Part A of this Circular and the accompanying appendices;
- (b) other relevant information, documents, confirmations and/or representations provided to us by the Board and the management of Tower REIT;
- (c) discussions and consultation with the Board and management of Tower REIT; and
- (d) other publicly available information.

We have relied on Tower REIT, the Board of the Manager, and its management to take due care to ensure that all information, documents, confirmations and representations provided to us by them and the advisers of Tower REIT for the Proposed Rights Issue and the Proposed Exemption to facilitate our evaluation are accurate, valid and complete in all material aspects. Nonetheless, after making all reasonable enquiries, we are satisfied that sufficient information has been obtained and we have no reason to believe that the aforesaid information provided or are available to us is unreliable, incomplete, misleading and/or inaccurate as at the LPD.

In rendering our advice, we have taken into consideration pertinent factors which we believe are of relevance and of importance to you for an assessment of the Proposed Exemption and therefore, of general concern to you. We have not taken into consideration any individual or specific group's specific investment objectives, financial situations, risk profile or particular needs. We recommend that any of you who require specific advice in relation to the Proposed Rights Issue and the Proposed Exemption, in the context of your individual investment objectives, financial situations, risk profile or particular needs, to consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

Our advice should be considered in the context of the entirety of this IAL. Our evaluation and opinion as set out in this IAL are based on, amongst others, the economic, equity capital market, industry, regulatory and other conditions prevailing on, and the information/documents available to us as at the LPD. Such conditions may change significantly over a period of time. Accordingly, our evaluation and opinion expressed herein do not take into account the information, events or conditions arising after the LPD.

We shall immediately notify the SC in writing and you by way of announcement if, after despatching this IAL, as guided by subparagraph 11.07(1) of the Rules, we become aware that this IAL:

- (a) contains a material statement which is false or misleading;
- (b) contains a statement from which there is a material omission; or
- (c) does not contain a statement relating to a material development.

If circumstances require, we shall send a supplementary IAL to you in accordance with subparagraph 11.07(2) of the Rules.

4. DETAILS OF THE PROPOSED RIGHTS ISSUE AND THE PROPOSED EXEMPTION

The details of the Proposed Rights Issue and the Proposed Exemption are set out in the following sections in Part A of this Circular and should be read in its entirety by you:

| Letter to Tower REIT Unitholders | | Section |
|---|-----------------------|----------------|
| (a) | Proposed Rights Issue | 2 |
| (b) | Proposed Exemption | 3 |

5. INTERESTS OF DIRECTORS AND MAJOR SHAREHOLDERS OF THE MANAGER, MAJOR UNITHOLDERS AND CHIEF EXECUTIVE AND/OR PERSONS CONNECTED WITH THEM

None of the Directors and/or major shareholders of the Manager, major Unitholders, Chief Executive and/or persons connected with them have any interest, direct or indirect, in the Proposed Rights Issue, save for their respective entitlements as Unitholders under the Proposed Rights Issue, to which all Entitled Unitholders will be similarly entitled.

The details of interests of the Directors and major shareholders of the Manager, major Unitholders, Chief Executive and/or persons connected with them in relation to the Proposed Exemption are set out in Section 8 of Part A of this Circular.

6. EVALUATION OF THE PROPOSED EXEMPTION

In arriving at our conclusion and recommendation, we have assessed and evaluated the Proposed Exemption on a holistic approach in accordance with paragraphs 8 to 10 of Schedule 2: Part III of the Rules⁽¹⁾.

(1) Paragraphs 8 to 10 of Schedule 2: Part III of the Rules are set out as follows:

Paragraph 8: In evaluating exemptions from mandatory offer obligations resulting from transactions involving the issuance of new securities or when a company purchases its own voting shares, a holistic approach should be taken in assessing whether the exemption is fair and reasonable and whether non-interested shareholders should vote for or against the exemption;

Paragraph 9: The independent adviser should discuss the purpose and effect of the exemption, that is, the substance of the transaction, particularly when the proposed exemption involves transactions that will result in the obtaining or consolidation of control. In such cases, the independent adviser should identify the advantages and disadvantages of the exemption to non-interested shareholders to enable them to decide on the proposed exemption. The independent adviser should also conclude whether the proposed exemption is 'fair and reasonable'; and

Paragraph 10: Benefits of the exemption to the non-interested shareholders may include, but are not limited to the following:

- (a) Long-term profit outlook of the offeree with the injection of additional capital;*
- (b) Improved gearing of the offeree as a result of any reduction in debt;*
- (c) Improved cashflow of the offeree as a result of the injection of working capital; or*
- (d) Advantages of raising funds through equity as compared to other alternative financing avenues.*

As the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa, in the event the non-interested Unitholders do not approve the Proposed Exemption, no mandatory offer obligation would arise and GLME will observe the Rules and the Proposed Rights Issue will continue to be implemented by Tower REIT under the Minimum Scenario or Maximum Scenario 2, subject to the Unitholders' approval.

As such, our evaluation of the Proposed Exemption will be based on Maximum Scenario 1 of the Proposed Rights Issue where the Proposed Exemption will be required pursuant to the Additional Undertaking.

In our evaluation of the Proposed Exemption, we have considered the following:

| Factors | Section |
|--|----------------|
| Rationale for the Proposed Rights Issue and the Proposed Exemption | 6.1 |
| Issue price of the Rights Units | 6.2 |
| Effects of the Proposed Rights Issue and the Proposed Exemption | 6.3 |
| Industry overview and prospects of Tower REIT | 6.4 |
| Implications of the Proposed Exemption | 6.5 |

[The rest of this page has been intentionally left blank]

6.1 Rationale for the Proposed Rights Issue and the Proposed Exemption

6.1.1 Rationale for the Proposed Rights Issue

As stated in Section 4.1 of Part A of this Circular, we note that the Board is of the view that the Proposed Rights Issue is the most appropriate avenue to raise the required funds for Tower REIT.

Based on the illustrative Issue Price of RM0.31 per Rights Unit, the gross proceeds to be raised from the Proposed Rights Issue will be utilised by Tower REIT in the following manner:

| Details of utilisation | Estimated timeframe for utilisation | Minimum Scenario (RM'000) | Maximum Scenarios 1 and 2 (RM'000) |
|---|-------------------------------------|------------------------------|---------------------------------------|
| Refurbishment of existing properties | Within 18 to 24 months | - | 23,865 |
| Repayment of bank borrowings | Within 12 months | 15,895 | 40,000 |
| Estimated expenses in relation to the Proposals | Within 1 month | 1,351 | 1,351 |
| Total proceeds | | 17,246 | 65,216 |

Pursuant thereto, our comments on the rationale for the Proposed Rights Issue are as follows:

(a) Strengthen the Unitholders' capital base and financial position of Tower REIT

The issued Unitholder's capital and NAV of Tower REIT as at FYE 30 June 2022 and FYE 30 June 2023, and the unaudited 6-month FPE 31 December 2023 are summarised as follows:

| | Audited | | Unaudited 6-month FPE |
|----------------------|------------------------------|------------------------------|------------------------------|
| | FYE 30 June 2022 (RM'000) | FYE 30 June 2023 (RM'000) | 31 December 2023 (RM'000) |
| Unitholders' capital | 285,345 | 285,345 | 285,345 |
| NAV | 521,364 | 501,071 | 501,014 |

The issued Unitholders' capital of Tower REIT has remained unchanged at RM285.35 million from FYE 30 June 2022 to the 6-month FPE 31 December 2023 as it had not undertaken any new Unit issuance over that period.

However, Tower REIT's NAV had decreased from approximately RM521.36 million as at FYE 30 June 2022 to RM501.07 million as at FYE 30 June 2023, representing a decrease of approximately RM20.29 million or 3.89%, mainly attributable to the decrease in the fair value of Tower REIT's investment properties from RM818.60 million as at FYE 30 June 2022 to RM797.20 million as at FYE 30 June 2023.

Further, Tower REIT's NAV had decreased from approximately RM501.07 million as at FYE 30 June 2023 to RM501.01 million as at the 6-month FPE 31 December 2023, representing a decrease of approximately RM0.06 million or 0.01%, mainly attributable to an increase in borrowings of Tower REIT from approximately RM271.29 million as at FYE 30 June 2023 to RM272.20 million as at the 6-month FPE 31 December 2023.

Based on the audited financial statements of Tower REIT as at FYE 30 June 2023 and the illustrative Issue Price, the Proposed Rights Issue will strengthen the Unitholders' capital base of Tower REIT on a pro forma basis from RM285.35 million to RM349.95 million under Maximum Scenario 1. The pro forma NAV of Tower REIT will also correspondingly increase from RM501.07 million to RM565.25 million under Maximum Scenario 1.

Under Maximum Scenario 1 of the Proposed Rights Issue, the additional equity raised of up to RM65.22 million will further strengthen the capital structure of Tower REIT and provide it with greater financial flexibility.

(b) Raise funds for refurbishment of Tower REIT's existing properties

Under Maximum Scenario 1 of the Proposed Rights Issue, the additional funds raised from the Proposed Rights Issue would be utilised to facilitate the refurbishment of Tower REIT's existing properties which will include the following:

- (i) replacement of power transformer;
- (ii) upgrade work for the lifts;
- (iii) upgrade work for the heating, ventilation and air conditioning (HVAC) system;
- (iv) replacement of air handling unit (AHU); and
- (v) upgrade of building management system.

The abovementioned refurbishments are expected to improve the occupancy rate and leasing pipeline of Plaza Zurich, Menara HLX and Guoco Tower. As at the LPD, the occupancy rates of Plaza Zurich, Menara HLX and Guoco Tower are 73%, 32% and 95% respectively. The refurbishment has started in the FYE 30 June 2024 and is expected to be completed in the FYE 30 June 2026. The allocation of the refurbishment cost for Plaza Zurich, Menara HLX and Guoco Tower are approximately RM13.00 million, RM14.00 million and RM1.00 million respectively, representing a total estimated refurbishment cost of approximately RM28.00 million. Under Maximum Scenario 1, the shortfall of the amount allocated for refurbishment of existing properties will be funded via internally generated funds.

The upgrade and replacement of power transformer, upgrade work for the lifts and upgrade work for the HVAC system of Tower REIT's properties are expected to enhance Tower REIT's ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system. However, there is no certainty that the benefits arising from the utilisation of proceeds to be raised from the Proposed Rights Issue can be realised and may not necessarily contribute positively to the future earnings of Tower REIT.

Regardless of whether the Proposed Rights Issue is implemented based on Maximum Scenario 1, the Manager still intends to proceed to carry out its refurbishment plans for the existing properties of Tower REIT, be it through a combination of internally generated funds and/or drawing down from Tower REIT's unutilised existing banking facilities as and when required. As such, the Proposed Rights Issue under Maximum Scenario 1 will provide Tower REIT with additional funds without increasing its borrowings and a corresponding debt service burden for ease of its refurbishment plans for its existing properties.

(c) Potential impact to the cost of capital and gearing level of Tower REIT

Considering that there will be changes to the capital structure of Tower REIT pursuant to the fund-raising exercise via the Proposed Rights Issue and the utilisation of proceeds, we have conducted a weighted average cost of capital ("**WACC**") analysis to see the effects on the WACC of Tower REIT.

The WACC represents the cost of debt and equity capital used to finance assets and is the minimum required rate of return that all capital providers (Unitholders and lenders) should demand for a cash flow stream generated by the business, given the riskiness of the cash flows. The WACC is computed by summing up the cost of each capital component multiplied by its proportional weight.

[The rest of this page has been intentionally left blank]

Based on the unaudited 6-month FPE 31 December 2023, we have assessed the pro forma changes in the WACC and gearing of the Tower REIT based on the following scenarios as at the LPD:

| | |
|--------------------------|---|
| Existing Scenario | Based on Tower REIT's existing capital structure ⁽¹⁾ as at 31 December 2023. |
| Equity Scenario | Based on Tower REIT's pro forma capital structure as at 31 December 2023 and assuming the implementation of the Proposed Rights issue under Maximum Scenario 1 where there will be a partial repayment of RM40.0 million borrowings using proceeds raised from the Proposed Rights Issue. |
| Debt Scenario | Based on Tower REIT's pro forma capital structure as at 31 December 2023 and assuming Tower REIT utilises borrowings to raise RM23.87 million (equivalent to proceeds expected to be raised from the Proposed Rights Issue under Maximum Scenario 1 excluding the repayment of bank borrowings and estimated expenses) in the absence of the Proposed Rights Issue. |

- (1) *Capital structure refers to the amount of debt and/or equity employed by a company to fund its operations and finance its assets. A company's capital structure is typically expressed as a debt-to-equity ratio. For information purposes, Tower REIT's debt-to-equity ratio as at 31 December 2023 is 0.54 times.*

The WACC of Tower REIT is derived as follows:

$$WACC = \frac{E}{D + E} (k_e) + \frac{D}{D + E} (k_d) (1 - t)$$

Where:

- E* - Market value of Tower REIT's equity for the 3 scenarios are as follows:

| | Existing Scenario (RM'million) | Equity Scenario (RM'million) | Debt Scenario (RM'million) |
|-------------------------------------|---|---|---------------------------------------|
| Market value of Tower REIT's equity | 99.89 ⁽¹⁾ | 165.10 ⁽²⁾ | 99.89 ⁽³⁾ |

Notes:

- (1) *Calculated based on the 5-day VWAMP of Units as at the LPD of RM0.3561 and 280.50 million Units.*
- (2) *Calculated based on the 5-day VWAMP of Units as at the LPD of RM0.3561 and 280.50 million Units and assuming RM65.22 million is raised via the Proposed Rights Issue under Maximum Scenario 1.*
- (3) *Calculated based on the 5-day VWAMP of Units as at the LPD of RM0.3561 and 280.50 million Units and assuming Tower REIT utilises borrowings to raise RM23.87 million (equivalent to proceeds expected to be raised from the Proposed Rights Issue under Maximum Scenario 1 excluding the repayment of bank borrowings and estimated expenses) in the absence of the Proposed Rights Issue.*

[The rest of this page has been intentionally left blank]

- D - The market value of Tower REIT's debt for the 3 scenarios are as follows:

| | Existing Scenario (RM'million) | Equity Scenario (RM'million) | Debt Scenario (RM'million) |
|-----------------------------------|-----------------------------------|---------------------------------|-------------------------------|
| Market value of Tower REIT's debt | 272.20 ⁽¹⁾ | 232.20 ⁽²⁾ | 296.07 ⁽³⁾ |

Notes:

- (1) Based on Tower REIT's interest-bearing borrowings as at 31 December 2023.
- (2) Based on Tower REIT's interest-bearing borrowings as at 31 December 2023 and the partial repayment of bank borrowings of RM40.0 million under Maximum Scenario 1.
- (3) Based on Tower REIT's interest-bearing borrowings as at 31 December 2023 and assuming that the funds of up to RM23.87 million, being the proceeds to be raised under Maximum Scenario 1 (excluding the repayment of bank borrowings and estimated expenses for the Proposals) in the absence of the Proposed Rights Issue, is financed through bank borrowings.

- k_e - Cost of equity represents the rate of return required by an investor on the cash flow streams generated by Tower REIT given, amongst others, the risks associated with the cash flows. This is derived using the Capital Asset Pricing Model below:

$$k_e = R_f + \beta(R_m - R_f)$$

Where

- R_f : Risk-free rate of return, representing the expected rate of return from a risk-free investment and is derived based on the yield of the 10-year Malaysian Government Securities as at the LPD of 3.856% as extracted from Bank Negara Malaysia's Fully Automated System for Issuing/Tendering (FAST).
- β : Beta, representing the sensitivity of an asset's returns to the changes in the market returns. It measures the correlation of systematic risk between the said asset and the market. A beta of more than 1 signifies that the asset is riskier than the market and vice versa. The re-levered beta of Tower REIT as at the LPD was derived from the historical 5-year average unlevered beta of 0.3093 of selected comparable REITs⁽¹⁾ listed on Bursa Securities and re-levered based on the capital structure of Tower REIT for the 3 scenarios as follows:

| | Existing Scenario | Equity Scenario | Debt Scenario |
|-------------------------------|-------------------|-----------------|---------------|
| Re-levered beta of Tower REIT | 0.4370 | 0.4056 | 0.4482 |

Note:

- (1) There is no REIT listed on Bursa Securities that may be considered identical to Tower REIT in terms of, amongst others, types of property assets owned, scale and size of operations, risk profile, track record and prospects. The selection criteria that we have applied in identifying comparable REITs are as follows:
 - (a) market capitalisation less than RM1.0 billion (which only resulted in 2 comparable REITs); and
 - (b) REITs which own property assets that predominantly consist of high-rise office towers (comprising at least 75% of their portfolio).

The selected comparable REITs identified together with Tower REIT with their respective market capitalisations and unlevered betas as at the LPD are as follows:

| Company name | Market capitalisation (RM'million) | Unlevered beta |
|-----------------------------------|------------------------------------|----------------|
| <u>Selected comparable REITs:</u> | | |
| 1) UOA REIT | 751.87 | 0.2868 |
| 2) AmFIRST REIT | 218.34 | 0.3317 |
| Tower REIT | 99.89 | 0.4537 |

Whilst we noted that the respective comparable REITs own different types of property assets apart from high-rise office towers, we are of the view that the identified REITs are adequately comparable to Tower REIT's business and are reasonable to be adopted for the purpose of deriving the estimated beta of the industry.

R_m : Expected market rate of return is the expected rate of return for investing in a portfolio consisting of a weighted sum of assets representing the entire equity market.

In our opinion, the expected market rate of return for the FTSE Bursa Malaysia Top 100 Index is an indicator of the equity market return in Malaysia as it is a forward-looking estimate of market return. As extracted from Bloomberg, the expected market rate of return for the FTSE Bursa Malaysia Top 100 Index as at the LPD, which is based on the dividend discount model, is 10.664%.

As such, the cost of equity of Tower REIT based on the Capital Asset Pricing Model and the capital structure of Tower REIT for the 3 scenarios are as follows:

| | Existing Scenario (%) | Equity Scenario (%) | Debt Scenario (%) |
|------------------------------|-----------------------|---------------------|-------------------|
| Cost of equity of Tower REIT | 6.83 | 6.62 | 6.91 |

k_d - Pre-tax cost of debt, based on the effective interest rate of approximately 4.30% per annum as set out in note 3 of Section 2.6 of Part A of this Circular. The effective interest rate of approximately 4.30% per annum is based on the average interest rate charged by the financial institutions as at FYE 30 June 2023.

t - Corporate tax rate, which is based on the latest Malaysian statutory tax rate of 24%.

The WACC and gearing of Tower REIT for the scenarios mentioned above are as follows:

| | Existing Scenario | Equity Scenario | Debt Scenario |
|--------------------------------|-------------------|-----------------|---------------|
| WACC (%) | 4.98 | 5.26 | 4.96 |
| Gearing ⁽¹⁾ (Times) | 0.34 | 0.28 | 0.35 |

As illustrated above, the WACC of Tower REIT will be higher at 5.26% under the Equity Scenario compared against 4.96% under the Debt Scenario. The pro forma gearing ratio of Tower REIT will also be lower at 0.28 times under the Equity Scenario as compared to 0.35 times under the Debt Scenario.

Despite the pro forma WACC increasing by 0.28% under the Equity Scenario, we are of the view that the Proposed Rights Issue under Maximum Scenario 1 is the most appropriate avenue of fund raising for Tower REIT as opposed to the option of raising funds under the Debt Scenario due to the following:

- (i) Tower REIT would be able to minimise its cash outlay from internally generated funds, preserving the cash position of Tower REIT for other business requirements such as working capital and refurbishment of its existing properties;
- (ii) the Proposed Rights Issue would result in a lower pro forma gearing ratio which may allow Tower REIT to have greater flexibility in sourcing for funding alternatives in the future, if required; and
- (iii) the Proposed Rights Issue represents an opportunity for all Entitled Unitholders to further increase their equity participation in Tower REIT's future growth and prospects on a pro-rata basis without Tower REIT having to incur additional interest expenses arising from the use of bank borrowings which may negatively impact its future earnings and consequently affect the distributable income to the Unitholders of Tower REIT.

(d) Interest savings arising from the repayment of bank borrowings

As at 31 December 2023, the total borrowings of Tower REIT which comprise of term loans and revolving credit, is approximately RM272.20 million. For the FYE 30 June 2023, Tower REIT incurred a total of approximately RM12.06 million in interest expense.

Based on Maximum Scenario 1 of the Proposed Rights Issue, Tower REIT intends to allocate RM40.0 million to partially repay bank borrowings. The partial repayment of bank borrowings will result in interest savings for Tower REIT and reduction in the pro forma gearing of Tower REIT from 0.34 times to 0.28 times. However, the pro forma WACC will increase from 4.98% to 5.26%. For illustration purpose, based on Tower REIT's effective interest rate of approximately 4.3%, the partial repayment of Tower REIT's borrowings of RM40.0 million (representing approximately 14.70% of total borrowings as at 31 December 2023) is expected to result in potential interest savings of RM1.31 million per annum (net of tax), representing 10.86% of the interest expense of Tower REIT of RM12.06 million as at FYE 30 June 2023, under Maximum Scenario 1.

Tower REIT will be able to use the funds from the interest savings for other purposes such as working capital as well as improve its cashflow.

(e) The Proposed Rights Issue will also provide Tower REIT Unitholders with an opportunity to participate in an equity offering of Units on a pro-rata basis at an attractive price and ultimately, participate in the prospects and future growth of Tower REIT

The Proposed Rights Issue represents an opportunity for all Entitled Unitholders to further increase their equity participation in Tower REIT's future growth and prospects on a pro-rata basis and without diluting the Unitholders' percentage unitholdings in Tower REIT (provided that all Entitled Unitholders subscribe in full for their respective entitlements), as opposed to fund-raising via a private placement exercise whereby only selected investors can participate.

If the Entitled Unitholders subscribe for their respective entitlements, the Proposed Rights Issue will provide an avenue for them to participate in the prospects and future growth of Tower REIT at the same proportion of unitholding as before the Proposed Rights Issue.

The illustrative Issue Price per Rights Unit of RM0.31 represents a discount of 7.82% to the TERP of the Units of RM0.3363 based on the 5-day VWAMP of Units up to and including LPD of RM0.3561. The discount of the Issue Price per Rights Unit should be deemed sufficiently attractive to encourage the subscription of the Rights Units by the Entitled Unitholders. In our opinion, the discount of the Issue Price of the Rights Units is reasonable as it represents an attractive discount for the Unitholders of Tower REIT to increase their equity participation in Tower REIT.

(f) Commitment from the major Unitholder

In order to ensure that the fund-raising objective of Tower REIT will be met, the Manager has obtained the Minimum Undertakings, and an Additional Undertaking from GLME to subscribe for Rights Units not subscribed for by other Entitled Unitholders under Maximum Scenario 1, subject to the Proposed Exemption being approved by the non-interested Unitholders at the Unitholders' Meeting to be convened and by the SC, thereby reinforcing GLME's commitment to Tower REIT as the largest major Unitholder.

Premised on the above, we are of the view that the rationale for the Proposed Rights Issue is justifiable.

6.1.2 Rationale for the Proposed Exemption

The rationale for the Proposed Exemption is set out in Section 4.2 of Part A of this Circular.

As at the LPD, the unitholding of GLME in Tower REIT will increase from 21.66% as at the LPD to 53.19% under Maximum Scenario 1, which will exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue arising from GLME's subscription of Rights Units pursuant to its Minimum Undertaking and Additional Undertaking. Under this circumstance, GLME will trigger the mandatory general offer obligation under the CMSA, Code and the Rules.

However, it is not the intention of GLME, GuocoLand and their PACs to undertake a mandatory general offer as a result of GLME's subscription of Rights Units pursuant to its Additional Undertaking under Maximum Scenario 1. As such, the Proposed Exemption will relieve GLME, GuocoLand and their PACs from the obligation to undertake a mandatory general offer under Maximum Scenario 1.

The Proposed Exemption is not intended to dilute the unitholdings of the other Entitled Unitholders as the collective percentage unitholdings of GLME, GuocoLand and their PACs in Tower REIT will only increase if the remaining Rights Units are not subscribed for by the other Entitled Unitholders. Should all the remaining Rights Units be subscribed for by the other Entitled Unitholders and/or their renouncee(s) and/or transferee(s), the collective percentage unitholdings of GLME, GuocoLand and their PACs in Tower REIT will remain unchanged.

The entitlements to the Rights Units are renounceable and will be provisionally allotted on a proportionate basis in accordance to the unitholdings of the Entitled Unitholders and are fair to all Unitholders. Moreover, Entitled Unitholders have the option to sell their rights entitlements in the open market when quoted on Bursa Securities, should Entitled Unitholders decide to take this course of action. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights. GLME, GuocoLand and their PACs would not gain any advantage over the other non-interested Unitholders who are accorded the rights to subscribe for the Rights Units at the same issue price and in proportion with their respective unitholdings in Tower REIT at the Entitlement Date.

However, in the event that any of the non-interested Unitholders decide not to take up or opt to renounce all or some of their entitlements to the Proposed Rights Issue, their unitholdings will be diluted while the collective unitholding of GLME, GuocoLand and their PACs would increase given GLME's Additional Undertaking under Maximum Scenario 1.

Notwithstanding the above, in the event the non-interested Unitholders do not approve the Proposed Exemption, the Additional Undertaking by GLME will lapse and GLME will not subscribe to such number of Rights Units that will cause the unitholding in GLME in Tower REIT to exceed the 33% mandatory general offer threshold upon the completion of the Proposed Rights Issue. As such, no mandatory offer obligation will arise.

Premised on the above, we are of the view that the rationale for the Proposed Exemption is justifiable.

6.2 Issue price of the Rights Units

We note that the Entitlement Basis and the Issue Price for the Proposed Rights Issue have not been determined at this juncture in order to provide flexibility to the Board in respect of the pricing of the Rights Units.

The Issue Price will be determined by the Board at a later date after taking into consideration the TERP, calculated based on the 5-day VWAMP of Units immediately preceding the price-fixing date of the Rights Units after receipt of all relevant approvals. The fixing of the Issue Price and the Entitlement Basis for the Proposed Rights Issue will be announced after obtaining the SC's approval for the Proposed Exemption but before or on the announcement of the Entitlement Date.

For information purposes, the illustration of the Issue Price based on the maximum indicative discount of 15% to the TERP based on the 5-day VWAMP of the Units will not have any maximum potential dilution effects or result in any changes to the Unitholders' unitholdings.

The maximum number of Rights Units to be issued pursuant to the Proposed Rights Issue is 210,375,000, as approved by Bursa Securities for listing and quotation on the Main Market of Bursa Securities. The same number of shares are applied in the illustration of Maximum Scenarios 1 and 2, pursuant to which the effects of its issuance are illustrated throughout this Circular. Under Maximum Scenarios 1 and 2, if the issue price per Rights Unit is fixed lower than the assumed Issue Price, Tower REIT will raise lower gross proceeds.

In evaluating the illustrative Issue Price, we have considered the following:

(a) Discount over the closing market price and VWAMP

We note that the illustrative Issue Price of RM0.31 per Rights Unit represents a discount to the TERP of Units based on the closing market price and VWAMP as at the LTD and the LPD as follows:

| | Closing price/ VWAMP | TERP ⁽¹⁾⁽²⁾ | Discount of the Issue Price to the TERP | |
|-----------------------|-------------------------|------------------------|--|-------|
| | (RM) | (RM) | (RM) | (%) |
| Up to the LTD: | | | | |
| Closing market price | 0.3750 | 0.3471 | 0.0371 | 10.69 |
| 5-day VWAMP | 0.3705 | 0.3423 | 0.0323 | 9.44 |
| 1-month VWAMP | 0.3833 | 0.3349 | 0.0249 | 7.44 |
| 3-month VWAMP | 0.3916 | 0.3373 | 0.0273 | 8.09 |
| 6-month VWAMP | 0.4024 | 0.3446 | 0.0346 | 10.04 |
| 12-month VWAMP | 0.4290 | 0.3612 | 0.0512 | 14.17 |
| Up to the LPD: | | | | |
| Closing market price | 0.3550 | 0.3357 | 0.0257 | 7.66 |
| 5-day VWAMP | 0.3561 | 0.3363 | 0.0263 | 7.82 |
| 1-month VWAMP | 0.3565 | 0.3366 | 0.0266 | 7.90 |
| 3-month VWAMP | 0.3591 | 0.3381 | 0.0281 | 8.31 |
| 6-month VWAMP | 0.3730 | 0.3460 | 0.0360 | 10.40 |
| 12-month VWAMP | 0.3956 | 0.3589 | 0.0489 | 13.62 |

Notes:

- (1) Assumed entitlement basis of 3 Rights Units for every 4 existing Units held by the Entitled Unitholders.
- (2) Based on the illustrative Issue Price of RM0.31 per Rights Unit.

Based on the table above, we note that the illustrative Issue Price of RM0.31 per Rights Unit represents:

- (a) discounts ranging from 7.44% to 14.17% to the TERP based on the closing market price on the LTD as well as the 5-day, 1-month, 3-month, 6-month and 12-month VWAMPs of Units up to the LTD; and
- (b) discounts ranging from 7.66% to 13.62% to the TERP based on the closing market price on the LPD as well as the 5-day, 1-month, 3-month, 6-month and 12-month VWAMPs of Units up to the LPD.

The movement in the historical closing prices and trading volume of Units vis-à-vis the Bursa Malaysia REIT Index (“**BM REIT Index**”) and FTSE Bursa Malaysia Top 100 Index (“**FBM Top 100 Index**”) for the past one (1) year up to LPD is shown in the diagram below:

(Source: Bloomberg)

Save as disclosed below, there have not been any significant events which may have a material effect on the market prices of Tower REIT units for the past one (1) year up to the LPD:

- (i) On 16 March 2023, Tower REIT had announced the resignation of a Non-Independent Non-Executive Director and a new appointment to the Audit Committee;
- (ii) On 20 April 2023, Tower REIT had announced its unaudited financial results for the 9-month FPE 31 March 2023 in which Tower REIT had recorded a lower earnings per Unit ("**EPU**") of 0.39 sen as compared to 1.72 sen in the corresponding quarter in the preceding year;
- (iii) On 12 May 2023, Tower REIT announced the resignation of its Chief Executive Officer;
- (iv) On 31 July 2023, Tower REIT had announced its unaudited financial results for the 12-month FYE 30 June 2023 in which Tower REIT had recorded a loss per Unit of 6.28 sen as compared to an EPU of 2.10 sen in the corresponding quarter in the preceding year, as well as a final income distribution of 0.27 sen per Unit;
- (v) On 30 August 2023, Tower REIT had announced the release of its annual report for FYE 30 June 2023;
- (vi) On 16 October 2023, Tower REIT had announced its unaudited financial results for the 3-month FPE 30 September 2023 in which Tower REIT had recorded a lower EPU of 0.10 sen as compared to 0.30 sen in the corresponding quarter in the preceding year;
- (vii) On 13 December 2023, Tower REIT had announced the Proposals;
- (viii) On 14 December 2023, Tower REIT had announced the appointment of a new Chief Executive Officer;
- (ix) On 24 January 2024, Tower REIT had announced its unaudited financial results for the 6-month FPE 31 December 2023 in which Tower REIT had recorded a lower EPU of 0.25 sen as compared to 0.34 sen in the corresponding quarter in the preceding year, as well as an interim income distribution of 0.23 sen per Unit; and
- (x) On 26 February 2024, Tower REIT had announced that Bursa Securities had resolved to approve the listing and quotation of the Rights Units to be issued pursuant to the Proposed Rights Issue.

Based on the diagram above, the highest closing price of the Units for the past one (1) year up to the LPD was RM0.474 on 16 March 2023, 20 March 2023 and 23 March 2023, whilst the lowest closing price was RM0.348 on 5 January 2024, 17 January 2024, 23 January 2024, 24 January 2024 and 26 January 2024. Save for the announcements as disclosed as (i) and (ix) above, there are no other factors that may have contributed to the aforementioned highest and lowest closing prices of the Units.

It is also noted that the market prices of the Units have declined as opposed to the movement of the BM REIT Index and FBM Top 100 Index over the past one (1) year up to the LPD, which have been relatively flat. Based on our assessment, there are no factors that could have led to the decline in the market prices of the Units as compared to the movement of the BM REIT Index and FBM Top 100 Index for the past one (1) year up to the LPD.

Entitled Unitholders should note that the historical market prices may not be an indication of future market price performance of the Units as it may be influenced by, amongst others, the performance and prospects of Tower REIT, prevailing market conditions, economic outlook, stock market conditions, market sentiments and other general macroeconomic conditions as well as Tower REIT-specific factors.

(b) Discount over the NAV per Unit

The illustrative Issue Price represents the following discounts to the latest audited FYE 30 June 2023, latest unaudited 6-month FPE 31 December 2023 and pro forma NAV per Unit as follows:

| | NAV per Unit (RM) | Discount of the illustrative Issue Price to the NAV per Unit | |
|---|----------------------|--|-------|
| | | (RM) | (%) |
| Audited FYE 30 June 2023 ⁽¹⁾ | 1.78 | 1.47 | 82.58 |
| Unaudited 6-month FPE 31 December 2023 | 1.78 | 1.47 | 82.58 |
| Maximum Scenario 1 ⁽²⁾ | 1.15 | 0.84 | 73.04 |

Notes:

- (1) After taking into consideration the first interim income distribution of 0.31 sen per Unit, amounting to approximately RM0.87 million, paid on 28 February 2023 and the final income distribution of 0.27 sen per Unit, amounting to approximately RM0.76 million, for FYE 30 June 2023 which was paid on 30 August 2023 and will be recognised in the subsequent financial year.
- (2) Calculated based on the latest audited accounts of Tower REIT for the FYE 30 June 2023 and the enlarged pro forma consolidated NAV divided by the number of Units after the Proposed Rights Issue and net of the following:
- (aa) part of the estimated expenses of approximately RM0.61 million which are allowed to be capitalised from the Unitholders' capital;
- (bb) estimated expenses directly attributable to the issuance of the Rights Units of approximately RM0.74 million which will be charged to Tower REIT's realised undistributed income; and
- (cc) potential interest savings of RM1.31 million per annum (net of tax), calculated based on the effective interest rate of the bank borrowings of 4.30% per annum (based on the average interest rate charged by the financial institutions as at FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM40.00 million under Maximum Scenario 1.

Based on the analysis above, the illustrative Issue Price represents discounts ranging from 73.04% to 82.58% to the latest audited, latest unaudited and pro forma NAV per Unit and is considered to be attractive for the subscription of the Rights Units by the Entitled Unitholders. The Entitled Unitholders and/or their renounee(s) and/or transferee(s) would need to incur cash outlay to subscribe for the Rights Units, and thus are entitled for the discount stated above.

All Entitled Unitholders should note that the Proposed Rights Issue provides all Unitholders of Tower REIT with an equal opportunity to increase their equity participation in Tower REIT at the same issue price and in proportion with their unitholdings in Tower REIT at the Entitlement Date. Correspondingly, all Entitled Unitholders will have the same opportunity as GLME.

As such, the collective percentage unitholdings of GLME, GuocoLand and their PACs in Tower REIT will only increase in the event that there are remaining Rights Units which are not fully subscribed for by the other Entitled Unitholders at their own discretion. Should all the remaining Rights Units be subscribed for by the other Entitled Unitholders and/or their renounee(s) and/or transferee(s), the collective percentage unitholdings of GLME, GuocoLand and their PACs will remain unchanged.

Notwithstanding the above, the Proposed Exemption is intended to ensure that the Proposed Rights Issue successfully raises the funding required by Tower REIT for its intended utilisation under Maximum Scenario 1, subject to the Proposed Exemption being approved by the non-interested Unitholders at the Unitholders' Meeting to be convened and by the SC, and would not result in any dilution to the Unitholders unless they forego, renounce or sell their rights to their Proposed Rights Issue entitlements. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights.

Premised on the above, we are of the view that the illustrative Issue Price of the Rights Units is justifiable in view of the following:

- (a) the entitlements to the Rights Units are equitable and are fair and proportionate to all the Entitled Unitholders based on their unitholdings in Tower REIT on the Entitlement Date;
- (b) the indicative discount of approximately 7.82% to the TERP of the Units, based on the 5-day VWAMP of the Units up to the LPD of RM0.3561 per Unit, serves to increase the pricing attractiveness of the Rights Units to the Entitled Unitholders and all the Entitled Unitholders have the right to subscribe for their respective entitlements to the Rights Units at the same Issue Price;
- (c) the pricing mechanism of the Rights Units will be market-based as it is based on the 5-day VWAMP immediately preceding the price-fixing date of the Rights Units. For information purposes, in the event the discount of the final Issue Price to the TERP of the units is higher than the discount of the illustrative Issue Price, it will only serve to increase the pricing attractiveness of the Rights Units to all the Entitled Unitholders. However, should the Entitled Unitholders choose not to subscribe for the Rights Units, the unitholdings of the Entitled Unitholders will be diluted;
- (d) should the Entitled Unitholders choose not to subscribe for the Rights Units, the Entitled Unitholders can trade their rights to the Rights Units on the market, and as such, those that choose to renounce their entitlements to the Rights Units can sell all or part of their rights to the Rights Units in the market. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights; and
- (e) although the Proposed Exemption will allow GLME to increase its unitholding in Tower REIT via GLME's fulfilment of the Additional Undertaking under Maximum Scenario 1, the collective percentage unitholdings of GLME, GuocoLand and their PACs will only increase if there are remaining Rights Units which are not fully subscribed for by other Entitled Unitholders at their own discretion.

6.3 Effects of the Proposed Rights Issue and the Proposed Exemption

The Proposed Exemption, on a standalone basis, will not have any effect on the issued unitholders' capital, NAV per Unit, gearing, earnings and distributable income, and substantial Unitholders' unitholdings of Tower REIT.

Due to the Proposed Exemption being conditional upon the Proposed Rights Issue but not vice versa, in the event the non-interested Unitholders do not approve the Proposed Exemption at the Unitholders' Meeting to be convened, the Proposed Rights Issue will continue to be implemented by Tower REIT under the Minimum Scenario or Maximum Scenario 2, subject to the Unitholders' approval. The Proposed Exemption will facilitate the Proposed Rights Issue under Maximum Scenario 1, which will in turn affect Tower REIT's Unitholders' capital, NAV per Unit, gearing, earnings and distributable income, and substantial Unitholders' unitholdings of Tower REIT.

As such, our evaluation of the Proposed Rights Issue will only be based on Maximum Scenario 1 where the Proposed Exemption will be required. **The pro forma effects herein are presented purely for illustration purposes and should not be regarded as an indication of or reference to the final Issue Price or the Entitlement Basis of the Proposed Rights Issue.**

6.3.1 Unitholders' capital

The increase in the enlarged Unitholders' capital of Tower REIT upon completion of the Proposed Rights Issue under Maximum Scenario 1 and the Proposed Exemption is as follows:

| | Maximum Scenario 1 | |
|---|--------------------|------------------------------|
| | No. of Units | RM |
| Unitholder's capital as at the LPD | 280,500,000 | 285,345,000 |
| Rights Units to be issued pursuant to the Proposed Rights Issue | 210,375,000 | 64,604,107 ⁽¹⁾⁽²⁾ |
| Enlarged Unitholders' capital | 490,875,000 | 349,949,107 |

Notes:

- (1) Calculated based on the illustrative Issue Price of RM0.31 per Rights Unit.
- (2) After taking into consideration the estimated expenses for the Proposed Rights Issue which are allowed under MFRS 132 to be capitalised from the Unitholders' capital amounting to approximately RM0.61 million. The estimated expenses to be capitalised are professional fees, regulatory fees and other incidental expenses in relation to the Proposed Rights Issue.

The Unitholders' capital of Tower REIT will increase from approximately RM285.35 million as at the LPD to approximately RM349.95 under Maximum Scenario 1.

6.3.2 NAV per Unit and gearing ratio

The decrease in Tower REIT's pro forma NAV per Unit and gearing upon completion of the Proposed Rights Issue under Maximum Scenario 1 and the Proposed Exemption are as follows:

| | Audited as at 30 June 2023 | Maximum Scenario 1 |
|--------------------------------------|----------------------------|--------------------|
| NAV (RM'000) | 501,071 | 565,254 |
| NAV per Unit | | |
| - Before income distribution (RM) | 1.79 | 1.15 |
| - After income distribution (RM) | 1.78 ⁽¹⁾ | 1.15 |
| Gearing ratio ⁽²⁾ (times) | 0.34 | 0.28 |

Notes:

- (1) The total income distribution for FYE 30 June 2023 comprises the first interim income distribution of 0.31 sen per Unit, amounting to approximately RM0.87 million, paid on 28 February 2023 and the final income distribution of 0.27 sen per Unit, amounting to approximately RM0.76 million, which was paid on 30 August 2023 and will be recognised in the subsequent financial year.
- (2) Calculated based on total borrowings divided by total assets.

The pro forma NAV will increase from approximately RM501.07 million as at 30 June 2023 to approximately RM565.25 million under Maximum Scenario 1.

The pro forma NAV per Unit will decrease from RM1.79 (before the final income distribution of 0.27 sen per Unit) or RM1.78 (after the final income distribution of 0.27 sen per Unit) as at 30 June 2023 to RM1.15 under Maximum Scenario 1 mainly due to the dilution effect arising from the issuance of the Rights Units after the completion of the Proposed Rights Issue.

The pro forma gearing ratio will decrease from 0.34 times as at 30 June 2023 to 0.28 times under Maximum Scenario 1. The improvement in gearing ratio is mainly attributable to the increase in Unitholders' equity as a result of the issuance of the Rights Units and partial repayment of bank borrowings amounting to approximately RM40.00 million from the proceeds raised under Maximum Scenario 1 pursuant to the Proposed Rights Issue.

6.3.3 Earnings and distributable income

The pro forma effects of the Proposed Rights Issue on the net loss and DPU of Tower REIT under Maximum Scenario 1, based on the audited consolidated financial statements for the FYE 30 June 2023 assuming the Proposed Rights Issue had been completed on 1 July 2022 are set out below:

| | Audited for the FYE 30 June 2023 (RM'000) | Maximum Scenario 1 (RM'000) |
|--------------------------------------|---|-----------------------------------|
| Net (loss) for the year | (17,600) | (17,030) ⁽⁴⁾ |
| Income distribution ⁽¹⁾ | 1,627 | 2,197 ⁽⁴⁾ |
| No. of Units in circulation ('000) | 280,500 | 490,875 |
| (Loss) per Unit ⁽²⁾ (sen) | (6.27) | (3.47) |
| DPU ⁽³⁾ (sen) | 0.58 | 0.45 |

Notes:

- (1) The total income distribution for FYE 30 June 2023 comprises the first interim income distribution of 0.31 sen per Unit, amounting to approximately RM0.87 million, paid on 28 February 2023 and the final income distribution of 0.27 sen per Unit, amounting to approximately RM0.76 million, which was paid on 30 August 2023 and will be recognised in the subsequent financial year.
- (2) Calculated based on net loss for the year divided by the number of Units in circulation.
- (3) Calculated based on income distribution divided by the number of Units in circulation.
- (4) After taking into consideration the following:
 - (a) potential interest savings of RM1.31 million per annum (net of tax), calculated based on the effective interest rate of the bank borrowings of 4.30% per annum (based on the average interest rate charged by the financial institutions as at FYE 30 June 2023) as a result of the partial repayment of bank borrowings amounting to approximately RM40.00 million under Maximum Scenario 1; and
 - (b) the estimated expenses of approximately RM0.74 million in connection with the Proposals, which will be charged as expenses under Maximum Scenario 1.

The Proposed Rights Issue is expected to have an immediate dilution to Tower REIT's DPU on a pro forma basis from 0.58 sen as at 30 June 2023 to 0.45 sen under Maximum Scenario 1 as a result of the increase in the number of Units in issue upon completion of the Proposed Rights Issue.

However, we note that the Proposed Rights Issue is expected to contribute positively to Tower REIT's earnings by:

- (a) funding the refurbishments of Plaza Zurich, Menara HLX and Guoco Tower from the proceeds raised of approximately RM23.87 million under Maximum Scenario 1, which are expected to improve the occupancy rate and leasing pipeline of Tower REIT's existing properties, without sourcing funds through additional borrowings and incurring additional interest expense. In addition, the upgrade and replacement of power transformer, upgrade works for the lifts and upgrade work for the HVAC system of Tower REIT's properties are expected to enhance Tower REIT's ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system; and
- (b) reducing the debt of Tower REIT from approximately RM272.20 million as at 31 December 2023 to RM232.20 million and thereby potentially reducing interest expense of RM1.31 million per annum (net of tax), representing 10.86% of the interest expense of RM12.06 million as at FYE 30 June 2023, under Maximum Scenario 1 based on the effective interest rate of approximately 4.30% per annum (based on the average interest rate charged by the financial institutions as at FYE 30 June 2023).

Barring unforeseen circumstances, the Manager intends to distribute at least 90% of the distributable and realised income of Tower REIT for each year or such other intervals as determined by the Manager at their discretion. The Proposed Rights Issue is not expected to have any material effect on the distribution policy.

Notwithstanding the above, the impact of the Proposed Rights Issue on the earnings and DPU of Tower REIT will depend on, amongst others, the actual number of Rights Units issued and the level of returns to be generated from the utilisation of proceeds raised pursuant to the Proposed Rights Issue.

6.3.4 Substantial Unitholders' unitholdings

Assuming all Entitled Unitholders subscribe for their respective entitlements under the Proposed Rights Issue, the Proposed Rights Issue will not have any effect on the substantial Unitholders' percentage shareholdings as the Rights Units will be allotted on a pro-rata basis to all Entitled Unitholders and the collective percentage unitholdings of GLME, GuocoLand and its PACs in Tower REIT will remain unchanged at 54.30%. Correspondingly, the collective unitholdings of the non-interested Unitholders will also remain at 45.70%.

However, in the event some Entitled Unitholders do not subscribe for their respective entitlements under the Proposed Rights Issue, their percentage unitholdings in Tower REIT will be diluted accordingly pursuant to the Additional Undertaking.

Under Maximum Scenario 1 wherein GLME subscribes for the Rights Units based on its entitlement to the Rights Units and the Additional Undertaking and none of the other Entitled Unitholders take up their entitlements, the pro forma effects of the Proposed Rights Issue will result in an increase to GLME's direct unitholding from 21.66% to 53.19% while GLME, GuocoLand and their PACs' collective unitholding will increase from 54.30% to a maximum of approximately 73.89%. Consequently, the collective unitholding of the non-interested Unitholders who do not subscribe for their entitlements will reduce from 45.70% to 26.11%, after taking into account ALSB's fulfilment of the Minimum Undertaking as well.

The unitholdings of GLME and ALSB will increase depending on the subscription rate of the Rights Units by the other Entitled Unitholders provided that the minimum public unitholding spread of 25% is met upon the completion of the Proposed Rights Issue. In any case, we note that Tower REIT would still be in compliance with the public unitholding spread requirement of Bursa Securities as the public unitholdings in Tower REIT will reduce from 45.68% to 26.10% under Maximum Scenario 1.

6.3.5 Convertible securities

As at the LPD, Tower REIT does not have any convertible securities.

Premised on the above, we are of the view that the overall financial effects of the Proposals are justifiable.

Nonetheless, the non-interested Unitholders of Tower REIT should take note that should you choose not to subscribe for the Rights Units, your existing unitholdings percentage would be diluted accordingly.

6.4 Industry overview and prospects of Tower REIT

We note the industry overview and prospects of Tower REIT as set out in Section 5 of Part A of this Circular.

The Malaysian economy expanded by 3% in the fourth quarter of 2023 (3rd quarter ("3Q") of 2023: 3.3%; 2nd quarter of 2023: 2.9%). On a quarter-on-quarter seasonally-adjusted basis, the economy contracted by 2.1% (3Q 2023: +2.6%). Overall, the 2023 growth for the Malaysian economy normalised to 3.7%, following a strong growth registered in the previous year (2022: 8.7%).

(Source: Economic and Financial Developments in Malaysia in the Fourth Quarter of 2023, Bank Negara Malaysia)

On 24 January 2024, we note that the Monetary Policy Committee ("MPC") of Bank Negara Malaysia has maintained the Overnight Policy Rate ("OPR") at 3.0%. For the Malaysian economy, the fourth quarter advance estimates for gross domestic product (GDP) affirmed that the overall growth for 2023 expanded within expectations. Moving forward, growth is expected to improve in 2024, supported by the recovery in exports and resilient domestic expenditure.

At the current OPR level, the monetary policy stance remains supportive of the economy and is consistent with the current assessment of the inflation and growth prospects. The MPC remains vigilant to ongoing developments to inform the assessment on the outlook of domestic inflation and growth. The MPC will ensure that the monetary policy stance remains conducive to sustainable economic growth amid price stability.

Despite the challenging global financial and economic environment, the property market managed to stay poised and posted a marginal softening in market activity in the first half ("H1") of 2023 compared to the same period last year (H1 2022).

We note that six office building transactions with an accumulated worth of more than RM550 million were recorded in H1 2023. The performance of purpose-built office improved to 79.0% slightly higher than H1 2022 (77.7%) and the second half ("H2") 2022 (78.5%). The purpose-built office consists of 1,578 private-owned buildings (18,370,380 s.m.) and 1,013 public-owned buildings (6,155,509 s.m.). Only four new completions were recorded, offering a total space of 60,990 s.m., lower than 114,716 s.m. recorded in H1 2022. The average occupancy stood at 72.4%, increased marginally from 70.8% (H1 2022).

As at end of June 2023, there was a total of 24.53 million s.m. existing office space from 2,590 buildings. Wilayah Persekutuan Kuala Lumpur ("WPKL") was the lead contributor for office space with a share of 40.5% (9.93 million s.m.) in the existing market, 64.2% (0.98 million s.m.) in incoming supply and 79.0% (0.76 million s.m.) in planned supply.

The price of the stratified office lot was generally stable, with a few exceptions. In WPKL, Phileo Promenade recorded an increase of 16.3% with price transacted at RM5,900 psm. The office space rental market was stable with mixed movements recorded in selected buildings. Office space at Wisma Hong Leong and Menara Mara experienced a rental decrease of 14.5% and 11.6% respectively with rental ranging from RM41.00 psm. to RM60.00 psm.

(Source: Property Market Report First Half 2023, National Property Information Centre, Valuation and Property Services Department, Ministry of Finance Malaysia)

We note that the Board believes that the office rental market remains challenging particularly in the Klang Valley, with high vacancies, depressed rental rates, higher operating cost and rising interest cost. Despite the difficult operating environment, the Manager has achieved improved occupancy by an average of 5.93% in all its properties within Tower REIT's portfolio over 12 months from January 2023 to December 2023, while recognising that there is more refurbishment work which needs to be carried out. The Manager will continue to take proactive stance, diligently working to enhance its offering to cater to the target market, contain costs and ensuring a sustainable and competitive position.

Based on the foregoing, we note that the Manager has earmarked its proceeds from the Proposed Rights Issue under Maximum Scenario 1 for the refurbishments of Plaza Zurich, Menara HLX and Guoco Tower which are expected to improve the occupancy rate and leasing pipeline of Tower REIT's properties, and enhance Tower REIT's ESG performance which should augur well for the prospects of Tower REIT in the long term. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system.

As such, we are of the view that the prospects of Tower REIT are expected to be positive.

6.5 Implications of the Proposed Exemption

You should note that the SC will only consider the application for the Proposed Exemption if GLME, GuocoLand and their PACs have satisfied amongst others, the following conditions pursuant to subparagraph 4.08(2) of the Rules:

- (a) there has been no acquisition of units or instruments convertible into units and options in respect of units (other than subscriptions for new units or new instruments convertible into or options in respect of new units which have been disclosed in the whitewash circular) by GLME, GuocoLand and their PACs during the 6-month period prior to 13 December 2023, being the date of the Announcement ("**Disqualifying Transaction**") but subsequent to negotiations, discussions or the reaching of understandings or agreements with the Directors of the Manager in relation to the Proposed Rights Issue until completion of the subscription; and
- (b) approval has been obtained from independent holders of voting units or voting rights of Tower REIT at a meeting of the holders of the relevant class of voting units or voting rights to waive their rights to receive the mandatory general offer from GLME, GuocoLand and their PACs. The voting at the meeting shall be conducted by way of a poll.

Any exemption granted will be invalidated if GLME, GuocoLand and their PACs have engaged or engage in a Disqualifying Transaction.

The implications of your voting outcome on the ordinary resolution to give effect to the Proposed Exemption to be tabled at the forthcoming Unitholders' Meeting are set out in the ensuing sections.

6.5.1 If you VOTE IN FAVOUR of the Proposed Exemption

Should you vote in favour of the Proposed Exemption and the Proposed Exemption is approved at the forthcoming Unitholders' Meeting, the SC would be able to consider the application for the Proposed Exemption. Accordingly, GLME and GuocoLand will submit an application to the SC for the Proposed Exemption should the approval from the non-interested unitholders be obtained at the forthcoming Unitholders' Meeting. An approval from the SC for the Proposed Exemption would then exempt GLME, GuocoLand and their PACs from the obligation to undertake a mandatory general offer upon completion of the Proposed Rights Issue under Maximum Scenario 1.

Your approval of the Proposed Exemption will imply that you have agreed to waive your rights to a general offer by GLME, GuocoLand and their PACs for Units based on the highest price paid by GLME, GuocoLand and their PACs for Units in the past 6-month period before the incurrence of such obligation to undertake the mandatory general offer. GLME, GuocoLand and their PACs will be able to subscribe for the Rights Units at the same price as the Entitled Unitholders and increase their unitholdings in Tower REIT without the obligation to undertake a mandatory general offer in the event of any non-subscription for the Rights Units by the non-interested Unitholders.

Non-interested Unitholders should note that the Proposed Exemption, if granted, will facilitate the Proposed Rights Issue based on Maximum Scenario 1 and allow:

- (a) the individual unitholding of GLME to increase from 21.66% to 53.19%; and
- (b) the collective percentage unitholding of GLME, GuocoLand and their PACs to increase from 54.30% to a maximum of approximately 73.89%,

without being required to extend a mandatory offer for the remaining Units not owned by them. This would result in a corresponding decrease in the percentage unitholdings of the non-interested Unitholders from 45.70% to 26.11% in such scenario. However, the PACs of GLME and GuocoLand would still incur a mandatory take-over offer obligation pursuant to the Rules if either one of them increase their individual unitholdings in Tower REIT to 33% or more, provided the parties fulfil the requirements of the CMSA, Code and the Rules and the exemption is granted by the SC.

Voting in favour of the Proposed Exemption does not in any way impede your rights to participate in the Proposed Rights Issue. However, should you decide not to subscribe for your entitlement under the Proposed Rights Issue, your percentage unitholdings in Tower REIT will be diluted accordingly.

Pricing of the Rights Units is expected to be fixed at an indicative discount of up to 15% to the TERP based on the 5-day VWAMP of the Units immediately preceding the price-fixing date of the Rights Units and would be the price at which additional unitholdings of participating unitholders such as GLME (due to the Minimum Undertaking and Additional Undertaking) would be acquired while non-participating unitholders would not enjoy the benefit of such discount. As depicted under Maximum Scenario 1, GLME, GuocoLand and their PACs may obtain further control of Tower REIT without a premium being paid to the non-interested Unitholders in view that the Illustrative Issue Price is at a discount of 7.82% to the TERP of Units based on the 5-day VWAMP up to the LPD. (Unitholders should note that the actual discount may vary and is indicatively up to 15% as per the Board's intention.) The Illustrative Issue Price also represents a discount of 82.58% to the audited consolidated NAV per Unit of RM1.78 as at FYE 30 June 2023.

Currently, GLME, GuocoLand and their PACs are already able to control the voting on ordinary resolutions which requires a simple majority of 50% plus one Unit at general meetings (where they are not required to abstain from voting) based on their existing collective unitholding. Additionally, should the unitholdings of GLME, GuocoLand and their PACs increase to a maximum of approximately 73.89% under Maximum Scenario 1, the non-interested Unitholders should note that their increased unitholdings would enable them to have greater control over the direction of Tower REIT, having significant influence over the outcome of any special resolution which requires a majority of 75% tabled at general meetings (unless they are required to abstain from voting). It should nonetheless, be noted that the maximum potential unitholdings of GLME, GuocoLand and their PACs indicated above are illustrative and may not materialise if the Unitholders subscribe for their rights entitlement.

Considering that the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa, in the event the non-interested Unitholders do not approve the Proposed Exemption, no mandatory offer obligation would arise and GLME will observe the Rules and the Proposed Rights Issue will continue to be implemented by Tower REIT under the Minimum Scenario, subject to the Unitholders' approval. Therefore, voting in favour of the Proposed Exemption will enable Tower REIT to potentially benefit from the Proposed Rights Issue under Maximum Scenario 1 (if the Proposed Rights Issue is approved by you as GLME, GuocoLand and their PACs will abstain from voting on the resolution of the Proposed Exemption).

6.5.2 If you VOTE AGAINST the Proposed Exemption

In the event that you vote against the Proposed Exemption and the Proposed Exemption is not approved at the forthcoming Unitholders' Meeting, the SC would not be able to consider the application by GLME, GuocoLand and their PACs for the Proposed Exemption. However, subject to the Unitholders' approval, the Proposed Rights Issue will continue to be implemented by Tower REIT under the Minimum Scenario as the Proposed Exemption is conditional upon the Proposed Rights Issue but not vice versa.

Consequently, Tower REIT would not be able to raise the maximum funds from the Proposed Rights Issue under Maximum Scenario 1 and also would not be able to realise the potential benefits arising therefrom. Hence, the Board will have to deliberate on other possible alternatives including new borrowings to raise funds for the refurbishment of the existing properties of Tower REIT.

7. DIRECTORS' INTENTION TO VOTE

The Interested Directors have abstained and will continue to abstain from deliberation and voting on the Proposed Exemption at all Board meetings. In addition, the Interested Directors, GLME, GuocoLand and their PACs will also abstain from voting and undertake to ensure that persons connected with them, if any, will abstain from voting in respect of their direct and/or indirect unitholdings in Tower REIT, if any, on the resolution pertaining to the Proposed Exemption to be tabled at the Unitholders' Meeting to be convened.

YBhg Dato' Tan Ang Meng, being a Director of the Manager and the only non-interested director, has confirmed that he will vote in favour of the Proposed Exemption in respect of his respective beneficial unitholdings at the forthcoming Unitholders' Meeting.

The respective Director's unitholdings in Tower REIT is as disclosed in Section 4 of Attachment I of this IAL.

8. FUTURE PLANS FOR TOWER REIT AND ITS EMPLOYEES

Pursuant to paragraph 8, Schedule 2 Part II of the Rules, GLME and GuocoLand have confirmed that they do not intend to effect any major change to the following:

- (a) the continuation of the business of Tower REIT; and
- (b) the business of Tower REIT, including plans to dispose of or re-deploy any fixed assets of Tower REIT or make any major change in the business of Tower REIT,

except where such changes are in the ordinary course of Tower REIT's business or are necessary to rationalise or improve Tower REIT's operations.

For information purposes, Tower REIT, being a real estate investment trust, does not employ any persons as its employees.

9. DIRECTORS' RESPONSIBILITY STATEMENT

This IAL has been seen and approved by the Board and they collectively and individually accept full responsibility for the accuracy of all information stated in this IAL. The Board, after having made all reasonable enquiries and to the best of their knowledge and belief, confirms the following:

- (a) no statement and/or information in this IAL is incomplete, false, misleading or inaccurate;
- (b) there are no other material facts and/or information, the omission of which would make any statement or information in this IAL incomplete, inaccurate, false or misleading; and
- (c) all material facts and/or information relevant to this IAL, including those required under the Rules, have been accurately and completely disclosed in this IAL.

All information relating to GLME, GuocoLand and their PACs were provided by GLME, GuocoLand and their PACs respectively. The responsibility of the Board in relation to the information on GLME, GuocoLand and their PACs is therefore limited to ensure that the information thereon is accurately reproduced in this IAL.

In relation to the independent advice and opinion of Malacca Securities in relation to the Proposed Exemption as contained in this IAL, the Board's responsibility is limited to the accuracy of the information given to Malacca Securities in relation to Tower REIT for Malacca Securities' evaluation of the Proposed Exemption. The Board has confirmed that, after having made all reasonable enquiries and to the best of their knowledge and belief, there are no other facts and/or information, the omission of which would make any information provided to Malacca Securities incomplete, inaccurate, false or misleading.

10. FURTHER INFORMATION

We advise you to refer to the attachments of this IAL, the letter to Tower REIT Unitholders in Part A of this Circular as well as the attached appendices for any other relevant information.

11. CONCLUSION AND RECOMMENDATION

In arriving at our conclusion and recommendation, we have assessed and evaluated the Proposed Exemption on a holistic approach in accordance with paragraphs 8 to 10 of Schedule 2, Part III of the Rules (as set out in section 6 of the IAL) and also taken the relevant factors into consideration as discussed in Section 6 of this IAL. Non-interested Unitholders should carefully consider the merits and demerits of the Proposed Rights Issue and the Proposed Exemption based on all relevant factors and considerations as set out in this IAL and the letter to Tower REIT Unitholders in Part A of this Circular, prior to making a decision on whether to vote in favour or against the Proposed Exemption.

We have taken into consideration various factors discussed in this IAL of which the advantages and disadvantages of the Proposed Exemption, if granted, are summarised as below:

| Advantages | |
|-------------------|---|
| (a) | <p>The Proposed Exemption will enable Tower REIT to raise the maximum funds via the Proposed Rights Issue under Maximum Scenario 1 via equity capital and is expected to contribute positively to Tower REIT's earnings by:</p> <ul style="list-style-type: none">(i) funding the refurbishment of the existing properties of Tower REIT which are expected to improve the occupancy rate and leasing pipeline of Plaza Zurich, Menara HLX and Guoco Tower without sourcing funds through additional borrowings and incurring additional interest expense. In addition, the upgrade and replacement of power transformer, upgrade works for the lifts and upgrade work for the HVAC system are expected to enhance Tower REIT's ESG performance. As at the LPD, Plaza Zurich and Menara HLX have been earmarked for the upgrade and replacement of power transformer. In addition, Plaza Zurich has been earmarked for upgrade work for the lifts and Menara HLX has been earmarked for the upgrade work for the HVAC system; and(ii) reducing the debt of Tower REIT by RM40.0 million from approximately RM272.20 million as at 31 December 2023 to RM232.20 million and thereby potentially reducing interest expense of RM1.31 million per annum (net of tax), representing 10.86% of the interest expense of RM12.06 million as at FYE 30 June 2023, under Maximum Scenario 1. <p>The funds used for the abovementioned purposes to refurbish the existing properties of Tower REIT and the partial repayment of bank borrowings is expected to contribute positively to the financial performance of Tower REIT which will be pivotal to its potential prospects and growth.</p> |
| (b) | <p>The Proposed Exemption will enable Tower REIT to further strengthen its financial position and capital base via the Proposed Rights Issue under Maximum Scenario 1 due to the increase in Tower REIT's pro forma NAV from RM501.07 million as at FYE 30 June 2023 to RM565.25 million and the improvement in the pro forma gearing from 0.34 times as at FYE 30 June 2023 to 0.28 times pursuant to the partial repayment of bank borrowings and the increase in Unitholders' equity as a result of the issuance of the Rights Units. This is expected to improve the credit rating and debt capacity of Tower REIT, which in turn would provide Tower REIT with financial flexibility in the event Tower REIT intends to source for additional funds and/or gear up in the future to fund any potential investment opportunities which may arise.</p> |

[The rest of this page has been intentionally left blank]

| Disadvantages | |
|---------------|---|
| (a) | <p>Should you decide not to subscribe for your entitlements pursuant to the Proposed Rights Issue, your percentage unitholdings will be diluted accordingly under Maximum Scenario 1. Depending on the eventual subscription rate of the Rights Units by you, the collective unitholding of GLME, GuocoLand and their PACs in Tower REIT could potentially increase from approximately 54.30% to a maximum of approximately 73.89% and conversely, your collective unitholding could potentially be diluted from approximately 45.70% to approximately 26.11%. You should note that these maximum potential holdings of GLME, GuocoLand and their PACs as indicated above are purely illustrative and may not materialise if the Unitholders subscribe for their rights entitlement.</p> <p>Currently, GLME, GuocoLand and their PACs are already able to control the voting on ordinary resolutions which requires a simple majority of 50% plus one Unit at general meetings (where they are not required to abstain from voting) based on their existing collective unitholding. Additionally, should the unitholdings of GLME, GuocoLand and their PACs increase to a maximum of approximately 73.89% under Maximum Scenario 1, the non-interested Unitholders should note that their increased unitholdings would enable them to have greater control over the direction of Tower REIT, having significant influence over the outcome of any special resolution which requires a majority of 75% tabled at general meetings (unless they are required to abstain from voting).</p> |
| (b) | <p>The Proposed Exemption could potentially allow GLME, GuocoLand and their PACs to further increase control in Tower REIT at a discount without a premium being paid to you as the Issue Price will be issued at a discount to the TERP of the Units based on the 5-market day VWAMP of the Units preceding the price-fixing date.</p> <p>Additionally, under Maximum Scenario 1, the illustrative Issue Price of RM0.31 represents a discount of RM0.84 or 73.04% to the pro forma NAV per Unit of RM1.15.</p> |
| (c) | <p>The Proposed Exemption will enable the Proposed Rights Issue to be implemented under Maximum Scenario 1, which will result in the following:</p> <ul style="list-style-type: none"> (i) The pro forma NAV per Unit will decrease from RM1.79 (before final income distribution of 0.27 sen per Unit) or RM1.78 (after final income distribution of 0.27 sen per Unit) as at 30 June 2023 to RM1.15 under Maximum Scenario 1, mainly due to the dilution effect arising from the issuance of the Rights Units; and (ii) a dilution to Tower REIT's DPU on a pro forma basis from 0.58 sen as at 30 June 2023 to 0.45 sen under Maximum Scenario 1 as a result of the increase in the number of Units in issue upon completion of the Proposed Rights Issue. |

Premised on the factors discussed above and our evaluation of the Proposed Exemption based on the information available to us, we are of the view that the Proposed Exemption is **fair and reasonable**.

Accordingly, we recommend you **VOTE IN FAVOUR** of the ordinary resolution pertaining to the Proposed Exemption to be tabled at the forthcoming Unitholders' Meeting.

[The rest of this page has been intentionally left blank]

However, you should take note that should you decide not to subscribe for the Rights Units, your percentage unitholdings in Tower REIT will be diluted accordingly. The dilutive effect on your collective unitholding from approximately 45.70% to approximately 26.11% under Maximum Scenario 1 as stated in Section 6.5.1 of this IAL would cause a transfer of value in the form of Rights Units as follows:

- (a) discount to the TERP of Units based on the 5-market day VWAMP of Units preceding the price-fixing date. For illustrative purposes, the illustrative Issue Price of RM0.31 represents a discount of RM0.0263 or 7.82% to the TERP of Units, based on the 5-market day VWAMP of the Units up to the LPD of RM0.3561; and
- (b) the illustrative Issue Price of RM0.31 represents a discount of RM0.84 or 73.04% to the pro forma NAV per Unit of RM1.15 under Maximum Scenario 1,

from the non-participating Unitholders to the participating Unitholders. This is detrimental to the interest of Unitholders who do not subscribe for the Rights Units. Entitled Unitholders who do not take up the Rights Units will have the opportunity to sell the rights entitlements in the market. However, there is no assurance that the market price of the rights entitlements will trade at least at the intrinsic value of the rights.

For illustration purposes, assuming a Unitholder who holds 1,000 Units and does not subscribe for the Rights Units, the value of the Units of this non-participating Unitholder will be diluted as follows:

- (a) assuming the illustrative Issue Price of RM0.31, which represents a discount of 7.82% to the TERP of the Units of RM0.3363 based on the 5-day VWAMP of Units up to and including LPD of RM0.3561:

| Before Proposed Rights Issue | | | After Proposed Rights Issue | | |
|------------------------------|--------------------------------|------------------|-----------------------------|--|------------------|
| No. of Units | 5-day VWAMP as at the LPD (RM) | Total value (RM) | No. of Units | TERP based on the 5-day VWAMP as at the LPD (RM) | Total value (RM) |
| 1,000 | 0.3561 | 356.10 | 1,000 | 0.3363 | 336.30 |

Based on the above, the value of the 1,000 Units held by this non-participating Unitholder will decrease by RM19.80 or 5.56% from RM356.10 to RM336.30 after the completion of the Proposed Rights Issue.

- (b) assuming an illustrative issue price of RM0.273, which represents a discount of 14.82%⁽¹⁾ to the TERP of the Units of RM0.3205 based on the 5-day VWAMP of Units up to and including LPD of RM0.3561:

| Before Proposed Rights Issue | | | After Proposed Rights Issue | | |
|------------------------------|--------------------------------|------------------|-----------------------------|--|------------------|
| No. of Units | 5-day VWAMP as at the LPD (RM) | Total value (RM) | No. of Units | TERP based on the 5-day VWAMP as at the LPD (RM) | Total value (RM) |
| 1,000 | 0.3561 | 356.10 | 1,000 | 0.3205 | 320.50 |

- (1) Pricing of the Rights Units is expected to be fixed at an indicative discount of up to 15% to the TERP based on the 5-day VWAMP of the Units immediately preceding the price-fixing date of the Rights Units. However, Unitholders should note that the actual discount may vary and is indicatively up to 15% as per the Board's intention.

Based on the above, the value of the 1,000 Units held by this non-participating Unitholder will decrease by RM35.60 or 10.00% from RM356.10 to RM320.50 after the completion of the Proposed Rights Issue.

YBhg Dato' Tan Ang Meng, being a Director of the Manager and the only non-interested director, has confirmed that he will **VOTE IN FAVOUR** of the Proposed Exemption in respect of his respective beneficial holdings in Units at the forthcoming Unitholders' Meeting.

We have not taken into consideration any specific investment objectives, financial situations, risk profile or particular need required by you. We recommend that if you require an advice in relation to the Proposed Exemption in the context of your investment objectives, financial situations, risk profile or particular needs, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

YOU ARE ADVISED TO READ BOTH THIS IAL AND ITS ATTACHMENTS AND THE LETTER TO TOWER REIT UNITHOLDERS IN PART A OF THIS CIRCULAR TOGETHER WITH THE ACCOMPANYING APPENDICES AND CAREFULLY CONSIDER THE RECOMMENDATIONS CONTAINED HEREIN BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED EXEMPTION TO BE TABLED AT THE FORTHCOMING UNITHOLDERS' MEETING.

Yours faithfully,
For and on behalf of

INFORMATION ON TOWER REIT

1. HISTORY AND PRINCIPAL ACTIVITIES

Tower REIT is a Malaysian-domiciled real estate investment trust constituted pursuant to the principal Deed dated 17 February 2006 (as amended and restated by the restated Deed dated 29 May 2014 and the second restated Deed dated 23 October 2019 (“**Deed**”)) entered into between the Manager and MTrustee Berhad, acting as the Trustee of Tower REIT. The Deed is regulated by the SC Guidelines on Listed Real Estate Investment Trusts, the Listing Requirements, the Rules of the Depository and taxation laws and rulings. Tower REIT was listed on the Main Market of Bursa Securities on 12 April 2006.

The principal activity of Tower REIT is to own or invest in real estate and real estate-related assets, whether directly or indirectly through the ownership of single-purpose companies of which principal assets comprise real estate with the primary objectives of achieving an attractive level of return from rental income and of achieving medium to long term capital growth.

2. UNITHOLDERS’ CAPITAL**2.1 Unitholders’ capital**

As at the LPD, the Unitholders’ capital of Tower REIT is as follows:

| | No. of Units | RM |
|----------------------|---------------------|-------------|
| Unitholders’ capital | 280,500,000 | 285,345,000 |

All Units rank equally in terms of voting rights and entitlements to any income distributions, rights, allotments and/or distributions (including any capital distributions) which may be declared, made or paid to Unitholders.

2.2 Changes in the Unitholders’ capital

There were no changes in the Unitholders’ capital of Tower REIT since the end of FYE 30 June 2023 up to the LPD.

2.3 Convertible securities

As at the LPD, Tower REIT does not have any convertible securities.

1.9 By the persons with whom the Manager have any arrangements

As at the LPD, the Manager have not entered into any arrangement, including any arrangement involving rights over Units, any indemnity arrangement, and any agreement or understanding, formal or informal, of whatever nature, relating to the Units which may be an inducement to deal or to refrain from dealing in the Units.

1.10 By Malacca Securities and funds whose investments are managed by Malacca Securities on a discretionary basis

As at the LPD, Malacca Securities and funds whose investments are managed by Malacca Securities on a discretionary basis, do not have any interest, whether direct or indirect, in any voting units or rights in Tower REIT.

2. ARRANGEMENT AFFECTING DIRECTORS

- (a) As at the LPD, no payment or other benefit will be made or given to any Director of the Manager as compensation for loss of office or otherwise in connection with the Proposed Exemption.
- (b) As at the LPD, there were no agreements or arrangements between any Director of the Manager and any other person which are conditional on or dependent upon the outcome of the Proposed Exemption or otherwise connected with the outcome of the Proposed Exemption.
- (c) As at the LPD, GLME, GuocoLand and their persons acting in concert have not entered into any material contract in which any Director of the Manager has a material personal interest.
- (d) As at the LPD, there were no agreements, arrangements or understandings that exists between GLME, GuocoLand and their persons acting in concert and any of the Directors of the Manager or recent Directors of the Manager, holders of voting units or voting rights or recent holders of voting units or voting rights of Tower REIT having any connection with or dependence upon the Proposed Exemption.

For the purpose of (d) above, "recent directors" or "recent holders" of voting units or voting rights shall be such person who was during the period of six months prior to the beginning of the offer period, a director or a holder of voting units or voting rights, as the case may be.

3. DIRECTORS' SERVICE CONTRACTS

As at the LPD, the Manager does not have any service contracts with any Directors of the Manager or proposed Directors, which have been entered into or amended within 6 months before the announcement of the Proposed Exemption on 13 December 2023 or which are fixed term contracts with more than 12 months to run.

For the purpose of this section, the term "service contracts" excludes those expiring or determinable by the employing company without payment or compensation within twelve (12) months from the date of this IAL.

FURTHER INFORMATION

1. DIRECTORS' RESPONSIBILITY STATEMENT

Our Board has read and approved this Circular, and our Board collectively and individually accepts full responsibility for the accuracy of the information given in this Circular and confirms that, after making all reasonable enquiries, to the best of its knowledge and belief, there are no other facts, the omission of which would make any statement in this Circular misleading.

2. CONSENTS AND CONFLICT OF INTEREST

2.1 HLIB

HLIB, being the Principal Adviser for the Proposals, has given and has not subsequently withdrawn its written consent to the inclusion of its name and all references thereto in the form and context in which they appear in this Circular.

HLIB has acted as the Principal Adviser for Tower REIT for the following corporate exercises:

- (i) the proposed amendments to the deed constituting Tower REIT, which was completed on 31 July 2014;
- (ii) the proposed amendment to the investment objective of Tower REIT, which was completed on 14 November 2019; and
- (iii) the proposed acquisition by MTrustee Berhad, acting solely in its capacity as a trustee for and behalf of Tower REIT, of an office building known as Menara Guoco from DC Offices Sdn Bhd for a cash consideration of RM242.1 million, which was completed on 19 August 2020.

As at the LPD, HLIB has not extended any loan to Tower REIT. In addition, HLIB is related to Tower REIT and the Manager by virtue of the common shareholders of its ultimate holding company, HLCM and the Manager's ultimate holding company, GCA. In addition, HLIB also has a direct unitholding of approximately 2.10% in Tower REIT as at the LPD.

Notwithstanding the above, HLIB is of the view that no conflict of interest exists or is likely to exist in its capacity as the Principal Adviser to Tower REIT in respect of the Proposals as HLIB is a licensed investment bank and its appointment as the Principal Adviser for the Proposals is in its ordinary course of business. Furthermore, the conduct of HLIB is regulated strictly by the Financial Services Act 2013, the CMSA and its internal control policies and procedures.

Save as disclosed above, HLIB has confirmed that there are no any other circumstance which would or is likely to give rise to a possible conflict of interest situation in HLIB's capacity as the Principal Adviser for the Proposals.

2.2 Malacca Securities

Malacca Securities, being the Independent Adviser to the non-interested Unitholders for the Proposed Exemption, has given and has not withdrawn its written consent to the inclusion in this Circular of its name, the IAL and all references thereto in the form and context in which they appear in this Circular.

Malacca Securities has confirmed that no conflict of interests exists or is likely to exist in its capacity as the Independent Adviser for the Proposed Exemption.

FURTHER INFORMATION (CONT'D)

3. MATERIAL LITIGATION, CLAIMS OR ARBITRATION

Save as disclosed below, as at the LPD, there are no material litigation, claims or arbitration, either as plaintiff or defendant, which has a material and adverse effect on the financial position of Tower REIT, and our Board confirms that there are no proceedings pending or threatened against Tower REIT, or of any facts likely to give rise to any proceedings which has or would have a material and adverse effect on the financial position of Tower REIT:

Ketua Pengarah Hasil Dalam Negeri / Inland Revenue Board ("IRB") (as the appellant) and Tower REIT (as the respondent)

On 19 November 2021, the High Court delivered its decision in favour of Tower REIT and dismissed the appeal by the IRB against the Special Commissioners of Income Tax's decision on the assessment of real property gains tax ("RPGT") in relation to the disposal of Menara ING in year 2014. The amount of claim (or RPGT involved) is RM2.4 million.

The IRB has on 7 December 2021, appealed to the Court of Appeal against the decision of the High Court. The next case management is fixed on 11 April 2024 and the appeal is fixed on 25 April 2024.

The solicitors acting for and on behalf of Tower REIT is of the view that Tower REIT has an arguable case to contend that the High Court's decision is correct and the IRB's appeal should be dismissed.

4. MATERIAL COMMITMENTS AND CONTINGENT LIABILITIES

As at the LPD, our Board confirms that there are no:

- (i) material commitments incurred or known to be incurred by Tower REIT which may have a material impact on the financial position of Tower REIT; or
- (ii) contingent liabilities which, upon becoming enforceable, may have a material impact on Tower REIT's profits or NAV.

5. DOCUMENTS AVAILABLE FOR INSPECTION
